DIG LIBERAL CONVENTION OPENS IN OTTAWA

ALLIED MISSION WILL GO TO BUDAPEST AND INVESTIGATE FULLY

Supreme Council Decides to Raise Blockade Partially to Enable the New Hungarian Government to Stabilize Conditions

Paris, Aug. 5.—(Associated Press).—The Supreme Council of the Peace Conference will send an Inter-Allied military mission immediately to Budapest to make a full investigation of conditions there.

It was decided at a meeting of the Council yesterday partially to raise the blockade of Hungary so as to relieve the food situation and enable the new Government to stabilize conditions.

The American delegation is somewhat disturbed at the entrance of Roumanian troops into Budapest, but the other delegations seem to be greatly pleased.

Paris, Aug. 5.—Telegrams from American officials at Budapest state that Roumanian troops, upon entering Budapest yesterday,

started plundering in the suburbs. Fifteen or twenty civilians were killed by the Roumanians during the day, it is added.

The American report said the Roumanians were demanding hostages and threatened to kill five hostages for each Roumanian soldier injured in Budapest.

Some members of the new Hungarian Ministry, the telegrams state, have been arrested by the Roumanians, who have mounted machine guns in various parts of the city and demobilized the local police. The city is absolutely under military control.

Advices from various sources on the Hungarian situation indicate that chaotic conditions prevail in the capital. It is apparent, however, that the Allied Powers are bending all efforts to adjustment of affairs as speedily as possible.

The advance toward Budapest of troops of the Szeged Government, reported to-day, indicates the intention of the anti-Bolshevik elements, mainly bourgeois and peasant, to have a hand in the setting up of the permanent new Government for Hungary. Roumania's interest is mainly to make sure that the Hungarians are rendered militarily impotent.

The reported advance of the Jugo-Slavs toward Budapest is a new element. One explanation might be that the Jugo-Slav authorities consider their territorial claims would be better safeguarded were their lines established nearer the Hungarian capital.

Some advices have reported the temporary cabinet formed under Jules Peilid already out, to be supplanted by a new Ministry with communistic representation eliminated and with all elements of the population represented.

American Representative.
Paris, Aug. 5.—Brigadier-General Harry H. Bandholtz, former Chief of the Philippine Constabulary, has been appointed American representative on the Allied Military Commission which will go to Budapest to arrange the terms of an armistice.

Shedding Troops.
Berlin, Aug. 4.—Via London, Aug. 5.—(Associated Press).—Troops of the Szeged Government of Hungary have advanced to within twenty-five miles of Budapest and expect to reach that city to-night, and Jugo-Slav forces also are advancing upon Budapest, according to a Vienna dispatch.

It is stated that the Roumanian troops have captured many Communist leaders at the Hungarian capital.

In Suburb.
Budapest, Aug. 4.—Via London, Aug. 5.—(Associated Press).—One regiment of Roumanian cavalry is quartered in Kobanya, a suburb three miles from the centre of this city and overlooking it. Only Roumanian officers are actually inside the city proper. Gen. Burescu, the Roumanian commander, and his staff are guests of Lieut.-Col. Romanelli, chief of the Italian Mission here. The latter has prevented the occupation of Budapest hitherto by representing to the Roumanians that any action would have a depressing political effect for the new Cabinet.

The Roumanians sent a message last night that they would occupy the city or bombard it, but later entered into a parley with Joseph Haubrich, Hungarian Minister of War, and agreed to postpone action.

BAKERS' STRIKE PUTS LONDON ON SHORT BREAD RATIONS

London, Aug. 5.—London is on short rations to-day because of the continuance of the bakers' strike. No buns or cake are available except for hospitals. The balloting by the bakers, it was announced to-day, showed the offer of arbitration rejected by an overwhelming majority. Another conference of the bakers' leaders with the Ministry of Labor will be held to-morrow.

Motormen of the South London subways went on strike to-day in what labor leaders said was an extension of the sympathetic movement to support the striking policemen.

The engineers of the Southwestern Locomotive Engineers declared a Railway belonging to the Associated strike at midnight.

WILSON ATTACKS COST OF LIVING

Devoting Whole Time Now to Effort For American Consumers

Washington, Aug. 5.—President Wilson is devoting his whole time to his effort to reduce the high cost of living throughout the United States. This was announced to-day by Mr. Tumulty, his secretary.

The conferences with Republican and Democratic Senators on the League of Nations have definitely been abandoned by the President until the problems of the high cost of living are solved.

Julius H. Barnes, president of the United States Grain Corporation, has been called to the White House for late to-day and it is understood the President will take up with him a proposal to restore wheat to a free market, with the Government making good the difference between the market price and the \$2.25 guaranteed the farmers.

More Production.
Administration officials feel that one way to decrease the cost of living is to increase production, and President Wilson is understood to feel that strikes in progress now and strikes threatened will interfere materially with any solution of the problem sought by Government agencies.

Members of the President's Cabinet were in conference early to-day with Attorney-General Palmer, discussing the report of the Senate committee appointed last week to tabulate the various suggestions thus far advanced. Mr. Palmer at that time had his preliminary report pretty well in shape for the Cabinet meeting later in the day.

Metal Workers.
San Francisco, Aug. 5.—The 500,000 members of the metal trades crafts in the United States expect through their general executive committee in Washington to make demands on Congress and the President this month to reduce the high cost of living if possible, in order that further strike disturbances be avoided. James O'Connell, chairman of the metal trades department of the American Federation of Labor, announced here to-day.

"We have been granted wage increases that have gained us nothing and got us nowhere," O'Connell said. "The mounting cost of living quickly absorbs all increases and leaves us where we started. We are going to put it up to the Government to find the way out."

The executive committee will meet in Washington on or about August 15, at the latest.

NEW PROBLEM FOR AMERICAN CONGRESS

Railroad Workers Want Private Capital Retired From American Railroads

Washington, Aug. 5.—Organized labor was before the United States to-day with a demand for private capital to be retired from railroad operation and that there be substituted a tripartite control of the railroad properties by the public, the operating managements and the employees.

The demand of organized labor, presented in a statement signed by the engineers, firemen and conductors and the American Federation of Labor, is recognized in Washington as the most far-reaching proposal yet placed before the nation during its reconstruction period. Officials to-day refused to predict its outcome. To-morrow it will be formally laid before the House Interstate Commerce Committee by Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers; Frank Morrison, secretary of the American Federation of Labor, and Glenn E. Plumb, general counsel for the organized railway employees of the United States.

Overhauling.
The proposal, in the words of its authors, "marks the step by which organized labor passes from demands for wage increases to demands that the system of profits in industry be overhauled."

Briefly the labor men's plan demands that private capital be eliminated from the railroads of the United States. That the private owners receive for their Government bonds "with a fixed interest return for every honest dollar they have invested."

That the tripartite control be vested in corporations which shall lease the roads, and in which the public, the operating managements and labor shall be represented equally.

That the public, the operators and the wage-earners share equally all revenue in exchange for the guarantee to private capital, by granting to the operators and the employees one-

(Concluded on page 19.)

ONE OF CHAIRMEN OF LIBERAL CONVENTION; HON. SIR LOMER GOUIN

PRINCE OF WALES STARTS HIS TOUR

Sails From Portsmouth For Newfoundland and Canada on H. M. S. Renown

London, Aug. 5.—Wearing the uniform of a naval captain, the Prince of Wales left London this morning for Portsmouth to board the battle cruiser Renown, which will sail for Canada at 6 o'clock this evening.

King George, Queen Mary and other members of the Royal Family accompanied the Prince on his special train. Mr. Lloyd George, Mr. Hon. Winston Spencer Churchill, Minister of War, and other prominent persons were at the station to bid the Prince Godspeed.

JAPANESE TROOPS TO LEAVE SHANTUNG

Soon as Japan Has Concluded Agreement With China

Tokyo, via London, Aug. 5.—Viscount Uchida, the Japanese Foreign Minister, in a statement issued to-day, declares that Japan does not intend to claim any rights affecting the territorial sovereignty of China in Shantung. He promises that the Japanese troops will be withdrawn immediately after an agreement is concluded with China.

Japan, moreover, the Foreign Minister's statement adds, is considering the establishment at Peking of a general foreign settlement instead of a purely Japanese settlement.

NANAIMO PIGEON STOPS IN SEATTLE

Homing Bird Calls at Times Office There on Way North

Seattle, Aug. 5.—The most intelligent pigeon in the United States has been discovered. Evidently on a long distance flight to Nanaimo, B. C., the "homer" became confused while flying high over Seattle and dropped in at Main 300 to get straightened around.

The tired bird flew into the window of the Times Office yesterday evening. It received tender first aid treatment and was then turned over to the Seattle Racing Pigeon Club, where it is resting to-day, preparing to resume its trip home.

Main 300 has been able to hear that the owners of the bird are Stewart & Jones, of Nanaimo, B. C. However, members of the Seattle Racing Pigeon Club failed to establish to-day where the bird flew from.

Like humans who become confused, the pigeon came into Seattle to be set right. Unable to use the telephone, it came in person to Main 300.

PASSENGERS HURT.
Sausalito, Calif., Aug. 5.—Several passengers were slightly hurt to-day when a suburban electric train of the Northwestern Pacific Company's system ran into another train at the ferry here.

SIR REGINALD TOWER LEAVES ARGENTINA

British Minister States, However, Trip to London Merely For Health

Buenos Ayres, Aug. 5.—Diplomatic relations between Great Britain and Argentina, as a result of the purchase by Argentina of the German steamship Bahia Blanca, are delicate, according to the newspaper La Nacion, which says:

"Regarding rumors which from the beginning have been founded on more than supposition, we have received versions, the gravity of which are self-evident, and according to which the return to London of Sir Reginald Tower, the British Minister to Argentina, and the departure of Francisco Alvarez de Toledo, the Argentine Minister to Britain from London, are not disconnected. On the contrary it appears the retirement of both Ministers is traceable to the purchase by Argentina of the steamship Bahia Blanca from the Germans, which purchase the British Government refused to recognize."

Hostile Attitude.
Another newspaper, Las Noticias, says:

"The occasion for the present situation is the refusal of the British Government to recognize the purchase of the steamship Bahia Blanca, but the real cause underlying the crisis is the Argentine Government's hostile attitude toward British capital invested in Argentina."

Just after the great war broke out the Bahia Blanca, a ship owned by the Hamburg-American Steamship Company, was interned in the harbor of Buenos Ayres to prevent her capture by Allied warships. In June, 1918, it was announced at Buenos Ayres that the ship had been leased by Argentina. Later it was learned the ship had been bought by the Argentine Government. This ship, however, never went to sea because the European Allies and the United States refused to recognize her change of flag.

Only on Vacation.
Buenos Ayres, Aug. 5.—Sir Reginald Tower, British Minister to Argentina, denies the rumor which says his return to London indicates the imminence of a rupture of relations between Great Britain and this country. He declares he is about to go to London merely for a rest.

FRENCH COMMANDER IN THE RHINE AREA

A General of the Republic to Direct Allied Troops There

Paris, Aug. 5.—Premier Clemenceau conferred with Marshal Foch and the members of the Inter-Allied Supreme Council yesterday. Afterwards it was decided, having regard for the importance of the French troops on the Rhine, to give a French general command of the Allied troops of occupation.

Conference in Berlin.
Paris, Aug. 5.—The Supreme Inter-Allied Council decided yesterday that the heads of the Allied military organizations in Germany should attend a conference to be held in Berlin between German and Polish representatives to consider matters relating to the transfer of territory ceded to Poland by the terms of the peace treaty with Germany.

The Council also heard a Swedish delegation, introduced by the Swedish Minister, on the disposition of the Aland Islands.

13,000 ON STRIKE IN NEW JERSEY NOW

Pateron, N. J., Aug. 5.—Supporting demands of silk workers for an immediate forty-four-hour week and a twelve per cent. increase in pay, 15,000 dyers employed by the Wiedman Silk Dyeing Company went on strike here to-day. It is estimated that 13,000 are idle.

TO-MORROW AUSTRIANS WILL PRESENT COUNTER-PROPOSALS

Paris, Aug. 5.—Dr. Karl Renner, the Austrian Chancellor and head of the Austrian peace delegation, informed M. Dutasta, General Secretary of the Peace Conference, to-day that Austria's counter-proposals to the peace terms would be handed over to-morrow, within the prescribed time for their presentation.

Paris, Aug. 5.—Shipping and fuel representatives of France, Belgium and Italy conferred with Herbert C. Hoover, head of the International Relief Organization, here to-day and decided to urge the Supreme Council of the Peace Conference to appoint a coal commission to co-ordinate the distribution of European coal in an effort to avert what threatens to be a disaster.

Mr. Hoover has said that Europe's coal production is thirteen per cent below normal and that the United States can not offer relief because of the shortage of shipping.

Mr. Hoover declined to accept the permanent direction of the proposed European Coal Commission, stating he believed the problem to be strictly European.

NEARLY 1,500 LIBERALS ATTEND OPENING OF DOMINION CONVENTION

Gathering Got Under Way in Capital This Forenoon; Premier Murray, One of Joint Chairmen, Says Unionist Government's Usefulness Over

Ottawa, Aug. 5.—With an attendance of between 1,200 and 1,500 delegates and 200 or 300 more to come, the National Liberal Convention was opened this morning amidst scenes of great enthusiasm. The Convention was called to order at 10.30 by Hon. Charles Murphy, chairman of the local organization committee.

After D. D. McKenzie, temporary Liberal Leader in the House of Commons, in a few brief remarks had nominated Hon. George H. Murray, Premier of Nova Scotia, and Hon. Sir Lomer Gouin, Premier of Quebec, as joint chairmen of the Convention and they had been suitably acclaimed by the delegates, Mr. Murray delivered an address which probably struck the keynote to which the Convention will be attuned. It was apparent that his remarks were received with approval by the delegates and he was frequently applauded.

While asserting that the days of the usefulness of the Unionist Government are over, the Nova Scotia Premier urged that no differences of opinion should now divide those Liberals who believed in the principle of conscription from those who thought otherwise when it was an issue. He emphasized the point that great national problems now confront the nation and that the Liberals should give all their talents and energies to their solution.

Leadership.
Mr. Murray thought there should be no great difficulty about the leadership. He thought the party throughout the country would loyally accept the choice of the Convention.

"In my judgment," said Mr. Murray, "the essentials to Liberal success at the next appeal to the people depend upon leadership, a united party, efficiency of organization and a progressive policy."

Sir Lomer Gouin.
Sir Lomer Gouin, speaking briefly, referred to the Liberal success after the Convention of 1913. He would say but little because he desired to be a member of the Convention.

There was great enthusiasm when Mr. McKenzie moved that the Liberal Provincial Premiers aid the Opposition Leader in Ontario be the vice-chairman of the Convention. There appeared to be a particularly loud outburst of cheering for Hartley Dewart, the Ontario Liberal Leader, as the vice-chairman took their seats on the platform, while Mr. Bell, Premier-elect of Prince Edward Island, also was loudly applauded.

Upon invitation the Liberal members of Parliament and Senators also took seats on the platform.

Address of Welcome.
Mayor Fisher of Ottawa, in an address of welcome, said that the people were tired of pretence, from which they had suffered much. In future, he said, there should be more sincerity in politics.

The Mayor was briefly thanked for his address by Mr. Murray.

Sir Allan Aylesworth, in an eloquent speech, moved a long resolution on the death of Sir Wilfrid Laurier. He said Laurier's greatest wish was that the great work to which he had devoted his life should be carried on.

Principles.
In seconding the resolution in French Hon. Rodolphe Lemieux emphasized the late Leader's great devotion to Liberal principles.

The resolution will be engrossed and sent to Lady Laurier.

The program committee provided for addresses by representatives of the Canadian Brotherhood of Railway Employees and of the Proportional Representation Society of Ottawa, but no one was present to speak for these bodies.

Grand Army.
Captain R. Calder, of the Grand Army of Canada, then spoke, explaining that as the Grand Army was not affiliated with any political party, he was unable to commit the association. The soldiers were desirous that the party should adopt the standards of truth and justice.

The convention adjourned until 4 o'clock. In the meantime the various provinces will select representatives to act on committees which are to be constituted.

Assembled Early.
Delegates commenced to arrive at Howick Hall yesterday morning at 6 o'clock and by the time the gathering was called to order the building was well filled.

D. McKenzie, the first of the aspirants for the leadership, to move, was received with a round of applause. He proceeded to the platform temporarily to preside over the proceedings.

Hon. Charles Murphy, who was acting as master of ceremonies, was a busy man.

Haig and Beatty Will Be Made
Earls; Money Grants
to Several

London, Aug. 5.—High titles and money grants will be given by Great Britain to her victorious generals and admirals of the great war, according to the time-honored custom.

The vote of thanks to the victors will be presented in the House on Wednesday, according to present plans. The name of Marshal Foch will be included. Field-Marshal Sir Douglas Haig and Admiral Sir David Beatty, as expected, will be made earls, and each will be given a grant of £100,000. Field-Marshal Viscount French of Ypres and Admiral Viscount Jellicoe, of Scapa, will be given grants of £50,000 each.

A number of other commanding officers will be given money grants, making a total for all of £600,000. Mr. Lloyd George's name was proposed yesterday for some honor by Sir James F. Remnant in the House, but Rt. Hon. Andrew Bonar Law, the Government Leader, replied that he had mentioned the matter to the Prime Minister, who said he would not for a minute agree to it.

**THREE WOMEN IN
WINNIPEG INJURED**

Winnipeg, Aug. 5.—Mrs. Frances Meindel, aged about seventy, mother of Dr. A. G. Meindel, lies in a hospital here in a serious condition from the effects of injuries received in an automobile accident last evening. Mrs. Meindel, in company with her daughter, Mrs. Hogan, and Mrs. Chapin, was standing on a safety island on Portage Avenue, waiting for a street car, when an automobile driven by a Mrs. Bailey struck the platform, and in fact ran on the elevation, striking the three women. Mrs. Chapin was dragged the full length of the platform. Mrs. Meindel's injuries include a fracture of one leg, a broken collarbone and a severe cut on the hip. Mrs. Meindel's condition this morning was considered somewhat serious by the hospital authorities.

Mrs. Chapin received internal injuries, but these are not believed to be of a serious nature. Mrs. Hogan escaped with a number of bruises.

**HARVESTERS AT WORK
IN SASKATCHEWAN**

Regina, Aug. 5.—Harvesting is now fairly general throughout this Province, according to reports received by the Bureau of Statistics of the Provincial Department of Agriculture. In some parts rye has been threshed, yielding from 10 to 18 bushels an acre. With very few exceptions correspondents report that the drought is still unbroken, and rain is badly needed to mature the late sown grain. Both red and black rust are reported in the eastern part of the Province, but it is impossible to make any estimate of the damage caused.

**FEEL
KNOW HOW I HAVE
SUFFERED," SHE SAYS**

Mrs. Hulme Almost Nervous
Wreck When She Began
Taking Tanlac

"Since Tanlac has done so much for me, I just want to afford to give a bottle of it to everybody who suffers as I did, for I know it would help them just as it has me," said Mrs. J. Hulme, who lives at 1939 Osler Street, Regina, the other day.

"I have suffered from nervousness ever since I was a child," continued Mrs. Hulme, "and as I grew older the trouble seemed to grow worse, and when I commenced taking Tanlac, I was almost a complete nervous wreck. Nobody will ever know how I have suffered from headaches. I also suffered from pains in the small of my back which were so severe at times that I would have to go to bed and stay there until I got some relief. I felt tired and worn out all the time, and finally got so weak that when I went out for a while I would have to stop occasionally and rest. I took many different kinds of medicine, but my condition got worse all the time.

"My daughter read in the papers about a woman who had suffered as I did, and had been relieved by taking Tanlac, so she insisted that I give it a trial. Well, I must say that Tanlac has done much more for me than I ever dreamed of. Why, I felt like a different person by the time I had finished my first bottle, and I just continued to improve until I am as well and healthy now as anybody. I just feel fine all the time. The headaches have entirely disappeared, and Tanlac makes me have more faith in Tanlac than any medicine I ever saw. I never have those pains in my back now, and that tired, worn out feeling has left me, and I have so much energy and strength that I can easily do all my household work. Tanlac has certainly made a well, sound woman of me, and I am always going to keep a bottle of it in my home."

Tanlac is sold in Victoria by Dr. E. Campbell, corner Fort and Douglas—Adv.

**INDUSTRIAL CONGRESS
WILL BE BENEFICIAL**

Calgary, August 4.—That while the reconstruction which must come in Canada must come slowly, to a degree at least, the good work along this line will be furthered and promoted in a large measure by the forthcoming Alberta Industrial Congress, August 11-16, is the opinion expressed last evening by H. H. Shaw, general manager of the Union Bank, who is visiting Calgary.

As head of the greatest financial institution having headquarters on the Canadian main, Mr. Shaw is considered an authority on matters of finance, trade, and commerce, as affecting the West. He said:

"Western Canada will have a great industrial future; that is certain. While the reconstruction work and the realignment of trade and industry must come slowly to be of a substantial nature, at the same time such movements as yours here in Calgary—that of the Industrial Congress—must have an educational effect which will be far reaching. In all great movements a correct public knowledge of the conditions attendant and the final goal is essential to make success. And this rule applies to our own day of reconstruction now breaking. In other words education of the people to the proper status and possibilities is essential and this is the grand work which you will carry on with your forthcoming Industrial Congress. I understand it is to be a great success, and it deserves to be."

**WOOD ALCOHOL KILLS
THREE IN NORTH DAKOTA**

Grand Forks, N. D., Aug. 5.—Three transients were killed and three, one of whom is not expected to live, are in a serious condition as the result of drinking wood alcohol at an informal birthday party given at Hanna, N. D., last night by a negro, John Parker, colored, who gave the party, and Tom Burns, a resident soldier, both of whom had been working in the harvest fields, died. The name of the other victim could not be learned. Parker was found dead to-day in a Hanna bar, and the bodies of the other two were found on the railroad tracks.

**BITRO-PHOSPHATE
BEST THING FOR
THIN PEOPLE**

Women Need It to Bring Pink Glow of Health to Pale Cheeks and Firm, Tight, Ageless Skin.
Men Need It to Make Strong, Vigorous Bodies and Steady Nerves.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing ariety back and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who long to feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by Cyrus H. Bowes in Victoria and most all druggists under a guarantee of satisfaction and money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness, lack of energy, which nearly always accompany excessive thinness, soon disappear, and the body becomes bright and pale cheeks glow with the bloom of perfect health.

CAUTION.—Although bitro-phosphate is harmless for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

**Smart New Suits of
Wool Jersey**

The versatility of Jersey Suits has earned for them an important place in the feminine wardrobe.

They are equally at home and admirably serviceable at the country club, in the motor and in the business office, while many women consider Jersey pre-eminently the fabric for shopping attire.

Green, taupe, rose, mallard, turquoise and purple are the colors featured in these new Suits, which are conservatively styled, skilfully tailored and made throughout. There are two models represented.

At \$29.75 and \$31.50

**SESSION AT OTTAWA
IS EXPECTED TO LAST
ABOUT ONE MONTH**

Ottawa, Aug. 5.—The session of Parliament which is to start September 1 is not expected to last more than four or five weeks. Ratification of the peace treaty will be the principal business.

Since prorogation on July 7, there has been considerable correspondence with the Imperial Government in regard to the necessity of early ratification of the treaty. Already a bill to approve ratification has passed both Houses of the Imperial Parliament and received the royal assent. Deposit of the British ratification therefore is but a formal step, awaiting the approval of the Government of the United Kingdom. Through-out the correspondence, it is authoritatively stated, the Dominion Government has firmly taken the stand that before the formal deposit of the British ratification at Paris, the treaty must first be submitted to the Canadian Parliament. A recent communication from the Imperial Government on the subject emphasized the urgency. For this reason Parliament has been summoned to meet September 1.

While consideration of the peace treaty itself will be the primary business before Parliament, there will necessarily arise the question of continuing legislation passed under the War Measures Act. With the proclamation of peace the War Measures Act will cease to exist, and with it will determine the life of the Dominion Order-in-Council prohibiting manufacture, importation and inter-provincial trade in alcoholic liquors, the Order-in-Council forbidding race-track betting and a number of others. During the session which closed a month ago, the Government brought in a bill to continue the prohibition Order-in-Council for twelve months after termination of the war, but a Senate amendment to restrict the bill to the war-time period ended it.

The bill failed to pass. Another bill therefore will be necessary.

**SOME DOMINION
SOLDIERS MISSING
IN UNITED KINGDOM**

London, Aug. 5.—(Reuter's)—The record officers in London of the various overseas forces are making their last grand tally and trying to trace every man who has appeared on their books—up to the present some 1,900, or about 1 per cent. of the total, can not be accounted for. Not all these men are considered to be definitely lost. Some have gone on furlough and accepted work without the formality of communicating with the authorities. Other have married and settled down in preference to returning to camp and telling the colonel. Others are restless men, many of whom will trickle back.

The South Africans have but twenty absentees, every other man of the 26,000 who came over being accounted for. The New Zealanders are 300 short.

Most of the missing are Australians and Canadians, and it will take a long time for the military police to round them up and shepherd them into concentration camps. Some of the Dominion Governments are publishing advertisements warning these men to return by a certain date unless they wish to forego their gratuity and free passage home.

**LITTLE WHEAT IN
PRAIRIE DRY BELT**

Toronto, Aug. 5.—A staff correspondent of The Toronto Globe, writing from Medicine Hat, says that while from Winnipeg to Regina there will be an excellent yield of wheat and even as far as Moose Jaw good fields are to be seen, "it is no exaggeration to say that broadly speaking, there is no crop between that point and Medicine Hat."

"The train sweeps past mile after mile of wheat fully ripe that would not hide a foot rule sent amidst its stalks," he says.

**CLEARING OF LAND
FOR RETURNED MEN**

Vancouver, Aug. 5.—Land clearing operations on a scale never before attempted in British Columbia may be undertaken by the Federal Land Settlement Board as a result of investigations made recently by W. J. Black, chairman of the Board.

On his recent visit to the Coast he inspected a number of centres where large blocks of land are available for soldier settlement. The Board now has the power to expropriate these lands, and it is expected that the plan will be used for the benefit of returned citizens and for the country at large. The plans are not yet matured, but

A CO-OPERATIVE CONCERN.

Toronto, Aug. 5.—Union cigarmakers here are organizing a co-operative cigar makers' manufacturing company, with a capital of \$40,000.

The workers will receive the union rate of pay and after the shareholders, who are all labor men, receive a return on their money, a profit-sharing scheme will be set on foot.

WARD-HOPP CASE.

Vancouver, Aug. 5.—R. T. Ward apparently is the winner in the long-drawn-out Cariboo litigation known popularly as the Ward-Hopp case. A case which reached Vancouver yesterday intimated that the Privy Council will dismiss the appeal of the Queen's Forks Gold Mining Company, headed by John Hopp. Judgment was reserved, but Mr. Ward's counsel was not even called upon to present his reply to the appellant's argument, always a sure indication that the court has made up its mind.

By this decision title to a rich placer property at Queen's Forks will be confirmed in R. T. Ward and his associates, who purchased the property from the Cariboo Gold Mining Company, a Guggenheim concern. Over a million dollars' worth of plant had been put in.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief for Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, flatulence and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion. Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excessive development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisulphate of magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as bisulphate of magnesia, which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisulphate of Magnesia, which is especially prepared for the above purpose.

PROSPECTS OF APPLE CROP ARE BETTER

Ottawa, Aug. 5.—With the exception of Ontario, the apple crop prospects have improved in Canada, according to the August 1 report of the Fruit Commission's branch of the Department of Agriculture, issued yesterday.

The report says: "Since our last report was published prospects have improved in Nova Scotia and British Columbia. We are now estimating the Nova Scotia crop at 1,250,000 barrels, including all grades packed for export out of the province. As the local consumption is estimated at 200,000 barrels, that brings the total crop up to nearly 1,500,000 barrels, exclusive of fruit used by evaporators, canning factories and cider mills. With the extension of the British apple embargo it is likely a large portion of the crop will be exported."

"The Okanagan Valley crop is now estimated at 80 per cent. larger than last year as compared with the 25 per cent. increase predicted in our last issue."

DERAILMENT CAUSED DEATH OF ONE MAN

Ottawa, Aug. 5.—As the result of the derailment of the Canadian Pacific Railway's eastbound express Number 2, Imperial Limited, at about 1 o'clock yesterday morning near Stony Creek, Ontario, one man is dead and another is seriously injured. Thomas Tooley, of East Templeton, died of his injuries in a hospital at Pembroke, and M. Kaldupurk is in the same place suffering from injuries from which he probably will recover.

The train carried a large number of delegates to the Liberal Convention, including W. R. Motherwell, Hon. Charles Dunning, of the Saskatchewan Cabinet; Fred Johnston, M. P. for Lost Mountain, and W. F. Kerr, of The Regina Leader.

A broken rail is believed to have been responsible for the derailment of the train. The engine and mail car passed safely over the spot, but the express, baggage, second and first-class diner and two sleepers in the centre of the train left the rails. The sleepers remained on the track.

Traffic was held up for twelve hours, and passengers on the train did not reach the capital until about 7 o'clock last night.

HEAVY FOREST FIRE LOSS IN MONTANA

Missoula, Mont., Aug. 5.—The loss from the forest fires in Montana and Northern Idaho for this season up to July 31 amounted to \$755,000, it is estimated by Glen A. Smith, Assistant District Forester. The heavy rains of the last few hours have made the fire situation in Montana safe, though fires in Idaho still are causing trouble in some instances.

About fifty per cent. of the damage was to private lands. Approximately 258,000 acres were burned over. Mr. Smith estimated that when complete data were available it would be shown that the loss from forest fires in Montana and Northern Idaho this season to July 31 had been nearly \$2,000,000 and the total acreage burned over about 400,000.

A total of \$315,000 has been spent in fighting fires in Montana and Northern Idaho this season, the largest amount ever so expended.

SAN FRANCISCO GETS CHEAPER FLOUR

San Francisco, Aug. 5.—Flour was reduced forty cents a barrel wholesale here yesterday following a similar reduction about a week ago. This drop amounts to ten cents a sack. The reduction came, it was said in local trade circles, because the millers are no longer paying premiums above the price for wheat that is paid to farmers.

CABLES IN ORIENT SMASHED BY STORM

New York, Aug. 5.—A typhoon which raged through the seas of the Far East in August and continued for many hours, smashed cables radiating from Shanghai and has interfered with communication with China, Japan and the Philippines, according to a commercial cable company. Shanghai cables to Nagasaki, Manila, Cebu and Amoy were broken and although all available ships are engaged in making repairs, the notice gives warning that further congestion of the Far East lines may be expected.

Japan's only outlet to the south is by the Tokyo, Guam and Manila cables, and Manila is confined in the north to the Hongkong, Amoy and Foo Chow cables and the Chinese land lines.

POSLAM'S BALM ENDS ITCHING SOOTHES SKIN

For eczema you must have an efficient, competent remedy to see true results. Poslam is so good for skin troubles that you can make no mistake in trying it first and for all. Apply right on the places that burn, itch and harass. They will be pacified, soothed, cooled. Poslam offers quality to each ounce that cannot be equalled by pounds of inefficiency. For every form of eruption on the skin, pimples, scalp-itch, rashes, blemishes, burns, itching feet.

Sold everywhere. For free sample write to Emergency Laboratories, 243 West 47th St., New York City.

MAYOR HAS DIPHTHERIA.

Brantford, Ont., Aug. 5.—Mayor McBride was taken to the Isolation Hospital yesterday suffering from an attack of diphtheria. His wife and son had previously been taken there.

ACCIDENTS ON RAILWAYS.

In accidents on Canadian railways in 1918, one in every 1,535,540 passengers was killed and one in every 157,569 injured, as shown in the report on railway statistics for that year, issued by the Department of Railways and Canals.

QUEBEC CREAMERY PRODUCTION.

The largest production of creamery butter in any province in Canada in 1917 was in Quebec, which produced 34,392,562 pounds, followed by Ontario with 28,714,352 pounds; Alberta, 8,943,871 pounds; Manitoba, 7,050,921 pounds; Saskatchewan, 4,220,758 pounds; Nova Scotia, 1,746,662 pounds; British Columbia, 1,294,743 pounds; Prince Edward Island, 597,271 pounds; and New Brunswick, 565,699 pounds, as shown in the report on dairy factories for 1917, issued by the Dominion Bureau of Statistics.

THE OLDEST, THE SIMPLEST THE SAFEST AND THE BEST REMEDY FOR

Diarrhoea, Dysentery, Colic, Cramps and Pains in the Stomach, Summer Complaint, Cholera Morbus, Cholera Infantum, Sea-Sickness, and all Unnatural Movements of the Bowels, is

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

This preparation has been on the market for the past 74 years, and its reputation has become such that there have been many so-called strawberry compounds manufactured, and these have been in many cases represented to be "just as good as Dr. Fowler's." Don't experiment with these no-name no-reputation substitutes, they may be dangerous to your health. Get a remedy that has stood the test of time, one with a reputation extending from one end of Canada to the other. Price 25 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

GREAT PAGEANT ON THE THAMES RIVER

London, Aug. 5.—Cheering multitudes clustered on the banks of the Thames yesterday afternoon to witness an elaborate river pageant when Britain's peace celebration came to a close. More than 150 boats, headed by the royal barge, containing the King and Queen, the Prince of Wales and other royalties, participated. It was a demonstration of the unity achieved during the war by Great Britain's naval forces, the mercantile marine and the maritime resources generally for the nation's defence and upkeep.

Although a large part of the London population spent the holiday in the country, the nine bridges under which the procession moved, the miles of embankments and the riverside parks proved incapable of accommodating all who strove for vantage points. The gaily decorated vessels moored between Tower Bridge and London Bridge and dozens of barges swarmed with spectators.

CAMP FOR VETERANS AT BOUNDARY BAY

Vancouver, Aug. 5.—There are sea breezes, good cooking and unlimited rest at Boundary Bay at the disposal of Vancouver war veterans as a result of the founding by the Red Cross Society of a rest camp two minutes' walk from the American border. Tents and supplies have been shipped down, and all is ready for 120 veterans.

The camp will be maintained by the Red Cross, "as long as the weather is good," which means until about the end of September. Boating, fresh and salt water fishing and bathing are among the attractions.

Men who have just been discharged from hospital and who feel the need of two weeks' rest for setting up purposes are particularly wanted. There is no expense whatever attached. The men will be the guests of the Red Cross. What proportion of the expense is not met by the local branch will be covered by headquarters at Toronto.

A STATEMENT ON SHANTUNG SCHEME BY JAPANESE SOON

Washington, Aug. 5.—Information has reached Washington that a formal statement from the Japanese Government as to its intentions regarding the final disposition of the Shantung Peninsula will be made public very soon. The substance of the statement has not been disclosed.

The Japanese statement, according to available information, is designed to clear away all misunderstandings and doubts as to the purpose of the Japanese Government. Beyond this nothing with regard to the contents of the statement has been learned here.

LIBERAL CONVENTION OPENED.

Perhaps at no time in the history of Canadian Liberalism has a gathering of Liberals possessed such significance as that which commenced its sessions in Ottawa to-day. Never before has a party national convention in Canada met for the purpose of selecting a party leader, and that is one of the chief items of business which will engage the attention of more than 2,000 delegates. But it must not be supposed for one moment that the choice of a successor to the late Sir Wilfrid Laurier can be allowed to dominate other more important questions. It will be necessary for the assembled delegates to discover common ground from which the principles of Canadian Liberalism can be reviewed in proper perspective and thoroughly understood by the youngest representative present.

Political principle must not be confused with leadership. Circumvention of principle, of course, is not difficult, but such advantage as may follow it is temporary in character and merely reacts upon the party guilty of it as it does upon the individual who trifles with his personal convictions by compromise. It will be necessary for the eastern and western delegates to approach the fiscal policy of the country in practical fashion and in the formulation of a policy we shall expect the western interpretation to dominate because it is unquestionably in the best interests of the country that it should. It harmonizes more nearly with the fundamental principles for which the Liberal party in Canada should stand. Of paramount importance, however, is the necessity for a decision upon a clear-cut programme in which the general welfare and progress of the country constitute the prime considerations. A liberal policy should provide the requisite basis for this and if the party convention insists upon principle first and regards election expedients as matters of secondary consideration, its appeal for support will rest upon the only policy that can be politically sound and permanently successful.

There should be a great future for Liberalism in Canada. Much has happened since the convention of 1893 which presaged success for the party at the polls three years afterwards. Never before, however, in the history of the Dominion has the field been so wide, so plentiful in opportunity for many changes in the interest of the people as a whole, as it is to-day. Canada's war load will tax the best brains of the country for years to come. More production is essential. Relations between capital and labor must be improved by a policy that will remove the suspicion which handicaps industry to-day. In no field, moreover, has Liberalism wider scope than in that which is figuratively barred by a spiked gate labeled "high cost of living."

Hence, no matter upon whose shoulder the mantle of leadership of the Liberal Party in Canada may fall, if the new skipper's course is properly charted the fundamental principles of Canadian Liberalism should be regarded as his only reliable pilot.

TOO EARLY YET.

According to The London Daily Mail the British Government has decided to revert to its pre-war policy of non-interference in industrial disputes. No authority is given for the statement, and it is problematical whether existing relations between capital and labor in the Old Country have reached that stage when the weight of governmental suasion in the settlement of differences can be dispensed with. It may be argued that the demands of war, which compelled the Government to prevent industrial dislocation in those branches of activity essential to maintain the fighting services, no longer exist. This is, of course, quite true; but it is equally obvious that if amity between employer and employee were considered of paramount importance during the period of conflict, Britain's adverse trade balance to-day still points to the necessity of intervention in all cases where the industrial concern producing essential commodities of exchange cannot compose its differences with its workers. The United States and Japan already have made significant inroads into former British markets and as long as production in the British Isles is hampered by industrial disputes, just that much longer will it be before her balance of trade is adjusted.

TAKING PRECAUTION.

If the City Council is desirous of protecting the younger generation from the "perils" of the streets by imposing a penalty of twenty-five dollars on the parents, the submission of a by-law to test the views of the ratepayers can do no harm. It is a pity that youthful exuberance, speeded up by the use of roller skates and "skidmobile," requires to be held in check by legal process. In

these days of "whirlwind" locomotion, however, it is apparently necessary to take more than ordinary precaution. As long as no accidents occur, absence of the "restraining influence" concerns nobody; but the first fatality or serious injury is usually the signal for official action. Moreover, in considering the question of restraining youngsters from skating or "skooting" between curbs the automobilist must not be left out of the reckoning. He may be proceeded against if he exceeds the speed limit and severely punished if he causes injury or death to pedestrians by reason of his own carelessness. On the other hand, it is just as easy for accidents to occur by collision of youngsters and car without breaking the law. The automobilist may be able to stop dead within a few feet, but that is no guarantee that an accident will be avoided. Hence parental advice and a little co-operation all round will still be necessary to meet the case.

A POPULAR APPOINTMENT.

It was only to be expected that the appointment of Dr. Tolmie to the portfolio of Agriculture would meet with warm approval in all Canadian agricultural and livestock circles. Messages received by The Manitoba Free Press bear eloquent testimony to the sincerity of regard in which he is held by the foremost agricultural organizations of the country.

It is particularly fortunate that a man of Dr. Tolmie's special ability should have been chosen for this important portfolio at this particular period of the nation's history. It has been said, and presumably with a proper weight of authority, that early next year will see a large volume of immigration to Canada from the United Kingdom. Canada needs more population and her broad acres are waiting for the right kind of settler. But if agricultural development is to be successful, any plea for more production must not be allowed to depend entirely upon the practical experience and willing energy of the intending settler. The Government must do its share in making conditions of settlement attractive and profitable. There is a magnificent opportunity ahead of the Soldier Settlement Board and as far as lies within the power of the new Minister of Agriculture it may be taken for granted that there will be no lack of co-operation in his direction.

Dr. Tolmie's experience in agriculture dates from the time he left school. He understands all its branches and the fact that his professional knowledge comprehends western problems should augur well for future rural activity in British Columbia. A closer working arrangement between Provincial and Dominion Departments of Agriculture may be not the least important result of Dr. Tolmie's appointment.

SHOULD BE BENEFICIAL.

It is satisfactory to note that the City Council has agreed to meet a deputation of returned soldiers on Thursday of this week for the purpose of providing an opportunity for round-table discussion in connection with the rejected housing agreement. By this means the aldermen will be brought into closer and more direct touch with the men who are anxious to become householders and who are actuated by the desire to acquire a stake in the community for whose defence they fought in France. We still have hope that Victoria will avail herself of a chance to spend \$180,000 in the construction of homes for returned soldiers by following the lead set by other municipalities.

MR. BRADLEY, CITY CLERK.

In appointing Mr. E. W. Bradley to the position of City Clerk the City Council has followed the wise procedure of promotion by order of merit. Since he first entered the service of the Municipal Council in 1891 Mr. Bradley has filled a number of roles in the office of the City Clerk. For that reason, and on account of his general recommendation for promotion, it may be confidently expected that he will discharge his new duties with satisfaction to the Council and to the public at large.

When the business of ratifying the Peace Treaty has been disposed of by the Federal Parliament at the forthcoming extra session it might be well if the members on both sides of the House devoted a little time to a really serious discussion anent the present cost of living.

Organized labor in the United States has sprung something in the way of a railroad problem that will divert Washington's attention from the race riots in Chicago as effectively as if a cyclone had picked up the Illinois city and deposited it in the middle of the Pacific.

It would not be surprising to find the Hon. W. S. Fielding heading the ballot for the Liberal Leadership at the convention now in session at Ottawa. It is a pity he is not a younger man; nevertheless his reputation for being the ablest parliamentarian and administrator in the House of Commons may adjust the balance in his favor.

Lucerne has been badly hit by the war. Tourist traffic, upon which it almost wholly depended for its existence, has been denied it for nearly five years. Apparently its trials are not yet over. It has now to put up with the presence of Ramsay MacDonald, Great Britain's professional pacifist, who is in attendance at the International Socialist Conference.

MAY CHANGE HIS OPINION.

Mr. W. E. Patton, of the Sherbrooke Manufacturing Company, who said that their mill wasn't built for the glory of God or anybody else, but for the benefit of the shareholders, may change his opinion when he hears what the consumers have to say. Like the late Commodore Vanderbilt's remark, "The public be damned," Mr. Patton's observations may become a classic.

COUNCIL FAVORS
VANCOUVER MAN
FOR SOLICITOR

Mr. Cassidy May Fill Important
Civic Post Now
Open

Although no definite action on the matter has been taken yet, it is understood that Robert Cassidy, of Vancouver, is most favorably regarded by city aldermen among the lawyers who so far have applied for the position of City Solicitor.

The Legislative Committee of the City Council has the question of appointment under consideration and probably will take final action on Thursday evening. About a dozen lawyers have made known in an informal way their willingness to secure the city solicitorship, and the applications of several, it is understood, have met with favorable comment from the aldermen. A number of the applicants, however, while excellent barristers, are not regarded as specialists in municipal law sufficiently to qualify them for the important civic post.

If Mr. Cassidy were appointed, it was learned at the City Hall to-day, he would discharge the more important legal work of the corporation; the routine work would be performed by an assistant whom Mr. Cassidy would make without expense to the city. The aldermen are informed that an assistant to the City Solicitor in the legal department is almost a necessity, and they are considering this proposed arrangement with much favor.

Among other applicants for the position to be vacated by R. W. Hanington at the end of this month are two returned officers, one of whom held a position in the City Council, and the other was formerly a newspaperman.

CLOTHING WANTED

Friendly Help Association Appeals For
Clothes For School Children;
Donations in July.

Nine members were present at the monthly meeting of the Friendly Help Association, held this morning. The secretary reported that twenty-six families were assisted during July, representing an aggregate of 110 persons. Six other cases were also investigated but not assisted by the Association being either passed on to other organizations or found to be not in need of help. There is an urgent need of children's clothing, many mothers in getting clothes in readiness for the opening of school. A little boy of six is in urgent need of a pair of trousers.

Vegetables are in constant demand, and the Association is very grateful to the two friends who sent a good supply last month.

The Friendly Help Association acknowledges with grateful thanks, the following donations received in July: Cash from the City, William Wilson, Mr. and Mrs. W. Atkins, A. Friend, J. A. Seward, Mrs. Thomas, J. F. Thompson, Miss I. Gill, Miss Kathleen Hall, C. F. Todd, J. D. Virtue, G. D. Christie, and Victoria City Dairy Co.; clothing from Lady McBride, Mrs. Proctor, Mrs. Stanford, Mrs. S. Reid, Mrs. DeBarre, Mrs. Hall, Mrs. Walker, A. T. B. R., A. Sincere Friend, Mrs. Robinson, Mrs. Laing; shoes from Miss Hall, J. Bushby, J. D. Virtue, Miss Bruce; Carpet and linoleum from Mrs. D. Hunter; cream of wheat from Mrs. Stanford; vegetables from Mrs. E. A. Heaven and Mrs. Goulding Wilson.

MADE A DIFFERENCE.

Two travelers met in the smoking room of a London hotel, and at once commenced talking "shop."

"How's business?" Getting many orders?" asked the stout man.

"More than I can handle," said the short man. "How's it with you? Had any orders lately?"

"Well, business is pretty good. I haven't had an order for a year and a half, but I expect to get one next spring," said the stout man.

"At this point a bystander became possessed of an irrepressible curiosity. Calling the short man aside, he said: "Who's your stout friend?"

"A traveler," was the brief reply.

"Well, he certainly has puzzled me. What's his line?"

"Suspension bridges."

There was a horse fair on in the village, and, as usual, all sorts and conditions of horses were being offered for sale. Every old creak in the country seemed to be there.

The auctioneer stood ready to begin business, which looked like being pretty bad. An old farmer came up with an aged steed, thin, gone in the knees, and walking on three legs.

"How much?" queried the auctioneer looking at the steed disgustedly.

"Fifteen pounds!" came the stolid reply.

The auctioneer looked pained and surprised.

"I want to know your price—not the weight of the animal!" he remarked.

Furnishing the Ideal Bedroom

You will find that your ideal in bedroom furniture can be realized at Weiler Bros., and the gratification of your desires will involve no greater expenditure than you wish to make. A very complete assortment of furniture for the bedroom in all styles and finishes is the feature of this store's service that makes your satisfaction complete. LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

PRINCE AND DRYDOCK.

To the Editor.—In view of the widely spread interest that the visit of the Prince of Wales is sure to arouse in the surrounding communities, would it not be possible for the authorities interested in keeping Victoria and the Island generally in a prominent state of publicity, to arrange a formal ceremonial of cutting the first sod or some similar first work in connection with the drydock which it is proposed to construct at Esquimalt?

This opportunity for advertisement should not be lightly passed, as the movements of the Prince are sure to be followed with interest in the Old Country.

RALPH NELSON.

THE MILK SUPPLY.

To the Editor.—Several persons have drawn my attention to a recent letter in one of the Victoria papers re "The Milk Supply of the City." I think the writer of the letter is needlessly alarmed.

Out of fifteen samples of milk recently examined by me, only one showed evidence of dissolved fifth. It is quite true that the method of testing milk used by the City Health Department only shows the percentage of cream, and such solid matter as pieces of straw or hay and hairs from the cow. A complete milk analysis should show the "specific gravity" of the milk, the casein, total solids, butter-fat, solids not fat, ash, and the amount of water added (if any). In addition to these tests an examination with the microscope should be made and also any "bacteria" in the sample should be cultivated on suitable "media" and examined.

It is usual in this city for the large dealers in milk to separate all the cream by means of a "Babcock" separator. By this means sometimes seven per cent. or eight per cent. of cream is separated, and as the law requires that milk shall contain at least three and a half per cent. of cream, this amount is then added to the milk, while the balance is sold to ice cream dealers, etc.

It is to be noted that the milk of a cow that has recently calved contains a substance known as "colostrum," which produces irritation of the stomach and gastric disturbances such as "febris gastritis," when introduced into the stomach. "Blue milk" contains a certain kind of fungus which when introduced into the stomach produces cholera-like attacks and sometimes irritation and ulceration.

Milk also conveys the poisons of typhoid fever, scarlet fever, etc., when water contaminated with the germs of these diseases, has been used for washing utensils or bottles containing the milk.

Although there has been a great improvement in the condition of cowstables connected with dairies, supplying milk to the city, in recent years, yet there are instances where cows are kept in a very dirty condition, and manure is allowed to collect on the legs and under the udder of the cows. This of course is liable to drop into the milk pail during milking with results that are not pleasant to consider.

W. F. BEST,
Sayward Building, Victoria, B. C.,
August 4, 1919.

"Of course, I don't know," began the sarcastic boarder, "but it strikes me this chicken—"

"Now, what's the matter with the chicken?" interrupted the landlady.

"Oh, nothing," answered the lodger. "Only it is evidently the offspring of a hard-boiled egg."

HIT NEW SNAG IN
BRIDGE QUESTION

Use of Johnson Street Viaduct
By B. C. Electric Now Centre
of Discussion

Another snag in the Johnson Street bridge question has been encountered by the civic authorities, and is causing them not a little worry. The latest development arises out of the attitude adopted by the C. P. R. regarding the rights of the B. C. Electric Railway Company upon the proposed viaduct. In all probability it will be left over for consideration with other kindred matters on the return of Premier Oliver.

It appears that the B. C. Electric Railway Company agreed some years ago to contribute \$50,000 toward the expense of building the bridge, this sum to be paid only when the Company commenced to operate its cars on the structure. It was further stipulated that the Company must also be allowed freight rights upon the bridge; that is that the bridge must be so constructed that it would be capable of bearing heavy interurban cars, and that the Company be allowed to operate such cars.

The draft bridge agreement drawn up by the C. P. R. and submitted to the city recently, however, does not give the Electric Company the right to operate freight cars on the bridge. This right has been consistently de-

manded by the Electric Company while the city holds that it should be granted. "It just amounts to this," Mayor Porter remarked this morning, "The C. P. R. wants to control not only the half but the whole of the bridge. We are willing that it should control its own half of the structure but the city wants to control its portion. It wants to be able to allow the B. C. Electric to operate its freight cars if it desires, and the bridge will be built in such a way that it will be able to carry these cars. However, we will embody our views on these subjects when we submit an agreement to the Railway Company."

TALE-TELLING TAILS.

There is only one insect which enjoys the luxury of a tail, and it is to be found in the northeast of Tasmania.

This insect is a pale greenish-brown in color, and its body when full grown is just about the size of a sunflower seed. In times of peace the tail—which is three-eighths to a quarter of an inch in length—lies placid and straight, but when on the warpath it is drawn up into an angry, vertical position.

The mosquito is its favorite diet. Its domestic life is a villainous one, for when old enough to assert its independence it devours its parents and takes full possession of the parental web.—Tit-Bits.

A man was seen driving a horse with a heavy load on its back up a very steep hill. He had to whip the horse to get it to go. A gentleman who saw all this went over and stopped him.

"Surely," he said, "you are not going to force that poor old horse up that hill? You could go another road home. Don't you know it is a sin for you to be so cruel?"

"I'll be blowed," growled the driver. "The blooming horse can't see the hill; it's blind."

A BEDTIME STORY

UNCLE WIGGLY AND THE CHERRY PIE.
Copyright, 1919, by McClure Newspaper Syndicate.
(By Howard R. Garis.)

"Do you know what I feel like to-day, Nurse Jane?" asked the rabbit-entertainer of his muskrat lady housekeeper one morning.

"No, Uncle Wiggly. I don't know," answered Miss Fuzzy. "Wuzzie. 'But what do you feel like?' she asked, just as if she were a man in a minstrel show.

"I feel like cherry pie," answered Uncle Wiggly. "Do you suppose, Nurse Jane, he went on 'that if I went out and picked the cherries that you could make me a cherry pie?'"

"Why, of course, I could," answered the muskrat lady housekeeper of the hollow stump bungalow. "But where can you get cherries now?"

"I'll go look for them and perhaps have an adventure," said the rabbit-entertainer. So, putting on his tall silk hat and taking his red, white and blue striped rheumatism crutch down off the phonograph, Uncle Wiggly started out.

Over the fields and through the woods he hopped, thinking of cherry pies, and how good they were, when, all of a sudden, the bunny rabbit gentleman heard a voice crying:

"Oh, please help me! Oh, won't somebody please help me?"

"Why, yes, I'll be glad to help you!" said Uncle Wiggly, most kindly. "That is, I will if you aren't the bad Pipsewah, or the Skuddlemagoon!"

"Oh, I'm only a little mouse girl," was the answer "and one of my paw is caught in the roots of this tree. Please help me get loose!"

"Why, of course I will!" cried jolly Uncle Wiggly. In two hops and part of another one he stood beside a big tree, near where he had been taking a little rest in the shade. And there, caught fast in the twisted tree roots, was little Longtail, the mouse girl, sister of Jollie, the boy mouse.

"Just a moment, Jollie! I'll help you out!" said the bunny rabbit. Then,

Not A Blemish
masks the perfect appearance of her complexion. Permanent and temporary skin troubles are effectively concealed. Reduces unnatural color and corrects greasy skins. Highly antiseptic, used with beneficial results as a curative agent for 70 years.

Gaulard's Oriental Cream

Captain Thurston Fawcett, of Vancouver, was in the city yesterday.

Mr. and Mrs. H. W. Winstanley, of London, England, are staying at the Empress Hotel.

Mr. and Mrs. F. E. Levesque, of Nelson, are guests at the Empress Hotel.

J. C. Marmaduke, of the New Washington Hotel, Seattle, was in the city yesterday with a party.

Mr. and Mrs. R. J. Armit, of Weyburn, are registered at the Empress Hotel.

Rev. R. G. MacBeth, of Vancouver, has been among the Mainland visitors at Strathcona Lodge, Shawinigan Lake.

J. Hamilton, the well known Victoria bank man, is spending a short vacation on the island, at the end of this week to take charge of the branch of the Merchants' Bank there.

Mrs. R. W. MacIntyre, accompanied by Miss Ruby MacIntyre, have gone over to Vancouver on a visit to Miss W. E. MacIntyre.

A. P. Garvey, sporting editor of The Vancouver Province, is spending a short vacation on the island, with Victoria as his headquarters.

Mrs. H. W. Carrick, of Vancouver, passed through the city on Sunday afternoon on her way to Ganges Harbor, Salt Spring Island, where she will visit her sister-in-law, Mrs. C. Stacey.

Mr. and Mrs. M. Minchin, of Los Angeles, Cal., arrived by the S. S. Governor and will be the guests of Mrs. Minchin's father, H. L. Salmon, of Mount Newton, Saanich Inlet.

Mr. and Mrs. J. C. Barnacle, of Victoria are among the guests invited to the marriage of Major Alan Irving M.C. and Miss Mary Elizabeth Pybus, which takes place at St. Paul's Church, Vancouver, to-day.

Mrs. E. D. Cosson, of this city, has been spending a vacation in Cranbrook as the guest of Mr. and Mrs. M. McEachern, on her way back from Winnipeg, where she visited her brother, Staff-Sergeant, W. A. Scott, D.C.M., who left Victoria in June, 1915, with the 48th Battalion.

The engagement is announced of Sybil Mary, third daughter of Dr. and Mrs. P. T. Underhill, of Vancouver, to Capt. Mark H. Vernon, of the R. N. W. M. P., second son of Mr. and Mrs. Vernon, of Horsham, Sussex, England, the marriage to take place at St. Paul's Church, Vancouver, Wednesday, August 27, at 2.30 o'clock.

A quiet wedding was celebrated at noon yesterday by Capt. the Rev. Dr. Campbell, when Miss Jeannette May Butler, of Spokane, Wash., became the bride of Donald Roy Potter, of the same city. After a honeymoon in Victoria, Vancouver, Mr. and Mrs. Potter will make their home in Spokane.

A musical evening was held at the home of Mr. and Mrs. J. Parkinson, 1235 Lyall Street, Esquimalt, on Wednesday last. A pretty incident took place when the Misses Helen and Alice Parkinson, attired as "Good Luck" and "Prosperity," presented to Miss G. Phillips and the Rev. S. Cook, whose marriage is to take place on August 6, a picturesque wagon laden with many useful and beautiful gifts from the many friends present. At the same time a shower of rose petals and silver horseshoes descended upon the bride and bridegroom-elect. Mrs. Panthorpe and Mrs. Raymond were associated with Mrs. Parkinson in organizing the surprise.

The residence of Sergt.-Major and Mrs. Driscoll, 404 Oswego Street, was the scene of a pretty house wedding on Sunday when the second daughter, Emily Alice, became the bride of J. Larkley, late of the 103rd Battalion, C.E.F. Rev. A. de B. Owen officiated. The bride, who was charmingly gowned in white, was escorted by her father, while the bridesmaids were Misses Margaret and Doreen Layton. Percy Taylor, supported the groom. Mrs. Foote played the wedding music. Later in the afternoon Mr. and Mrs. Larkley left for Vancouver en route for Raft River, where the bridegroom has a ranch and where they will make their future home.

A large number of friends have already expressed their intention of attending the St. Joseph's Hospital nurses' dance on Thursday evening at the Alexandra Club. The committee are confident that every effort will be made to make the event a success, particularly the Refreshment committee, under the able leadership of Miss R. Marwood; the Decorating committee, Miss H. W. Miller; and the Reception committee, in charge of Miss B. Middleton and a host of young ladies who promise to have no "wallow" flowers and no lonely moments for any one. The music will be furnished by Heaton's orchestra. Tickets may be obtained at the hospital only.

MILK DELIVERIES.
For all Canada the total deliveries of milk in 1917 at the dairy factories amounted to 2,562,564,856 pounds as compared with 2,560,542,587 pounds in 1916 and 2,530,001,765 pounds in 1915, as stated in the report on dairy factories for that year, issued recently by the Dominion Statistician.

hurting Uncle Wiggly at all. The cherry tree had whipped him off.

"Well, what kind of a cherry tree are you, anyway, that can make fruit come whenever you wish, and can also spunk bad Pipsewahs?" asked the bunny rabbit.

"What kind of a tree are you, my good friend?"

"Oh, I am a wild cherry tree," was the answer, as the wind seemed to laugh through the branches and the little wild, you know, and you never can tell what a wild cherry tree will do. But I'll always be your friend, Uncle Wiggly."

The bunny said he was glad of that. He hurried home with the wild cherries, which soon became tame, and Nurse Jane put them in a pie, and little Longtail had some for her supper. And if the ice cream doesn't stay out in the sun so long with the lollypops that it turns into custard pudding, I'll tell you next about Uncle Wiggly and Susie's party.

SIR GEORGE FOSTER

URGES COAL BUYING

Purchasers Should Place Orders For Fuel at Once

In view of the appeal carried in The Times columns from local coal dealers, the following statement from Sir George Foster, Minister of Trade and Commerce, will be of interest:

With the signing of the peace treaty, the United States Fuel Administration has automatically ceased to exist, and the production and distribution of coal in that country is now governed solely by the law of supply and demand. All war-time regulations, restrictions, and embargos have been cancelled.

As has been previously intimated, the Canadian Fuel Control was disbanded on March 31 last. The coal supply of the nation, therefore, now depends on the individual efforts of the coal trade, and the co-operation of the consumers in placing their orders for coal at once.

The information at hand indicates that coal is not coming into the country in the same quantities as last year, or even as it did in normal pre-war years. This is especially true in the Maritime Provinces.

For the first six months of this year the Pennsylvania anthracite mines, on which Central Canada depends for a large part of her domestic coal, had produced only 33,800,000 net tons of coal, as compared with 49,100,000 net tons during the same period last year. It is estimated that 1,200,000 people will eventually leave America before this movement subsides.

With the strong demand for coal, and the lessened production, there is little room to hope that the price of anthracite at the mines will fall for many months. In fact, the indications are that the price will continue to advance as the fall and winter approach.

It is not safe to assume that next winter will be a mild one. Nor is it possible to forecast what the labor situation at the mines will be or what success the railroads (just emerging from the strain of the war period) will have contending against possible adverse climatic conditions this coming winter.

The Government therefore urges all consumers to protect their fuel requirements by placing their orders at once. If it is impossible to secure full requirements of anthracite at this time, it is suggested that bituminous coal or other substitutes be acquired for use in the late fall and spring.

VALUABLE DOG.

"Look here, sir," said Johnson's neighbor, Jones, "that dog of yours has gone and bitten my mother-in-law."

"Good heavens," said Johnson. "I'm very grieved to hear that. He must have broken his muzzle. I hope it won't be serious and that it won't bring me into trouble. I—"

"Trouble!" interrupted Jones. "My good fellow, not at all! Why, I came along to see if you wouldn't like to sell me the animal!"

DEEP BAY CHALET

Picnic Caterers Themselves Enjoy Pleasant Outing to Brentwood.

The proprietress and staff of The Chalet, Deep Bay, held a peace celebration last Friday. Owing to a busy year catering to the needs of picnic crowds every holiday, Sunday, and even on the official Peace Day, this proved the only opportunity for a tired band of workers to revel in one day's listless enjoyment.

The party left Deep Bay on the B. C. E. 9.30 a.m. for Tod Inlet. Several hours crammed full of interest and education resulted from a visit to the magnificent gardens of Mr. and Mrs. Buchart.

1219 Broad St.
Phone 6612

Lunch was served amidst floral creations, trim green lawns and artistic rustic harbors, that proved a revelation indeed. Many were the appreciative congratulations extended for the gracious courtesy of Mrs. Butchart in permitting the public the use of dainty china, boiling water and the truly regal dining arrangements, in such close proximity to her beautiful home.

Hitting the trail through shady woods and dell, and the charming color scheme of the Brentwood Hotel, in an idyllic setting of sea and forest first appeared. Here a boat was chartered and the party set sail for Finlayson Arm.

Goldstream was the original object, but on account of miscalculation of distance and sea sickness of one lady, the balance of a most enjoyable day was spent at the foot of the Highland District. Miniature beaches and inlets were searched, boating, bathing and feasting informal being the order of the day around this wilderness of grandeur. Evening shadows alone forced a distasteful departure for the last homeward bound train.

BANQUET TO CURRIE

British Campaigners Arranging Grand Function to Welcome Commander-in-Chief.

Arrangements are being made to seat 1,000 at the dinner to be provided in the Armories in honor of Sir Arthur Currie, K. C. B., K. C. M. G., commander-in-chief of the Canadian army, on his return to this city. The British Campaigners, who are arranging the banquet, are arranging to have another thousand spectators accommodated in the galleries.

It is expected that this luncheon will prove extremely popular. The residents of this city will be very anxious to dine with their soldiers' citizen and no doubt there will be a large number of returned men present.

The exact date of the banquet is not known as yet. General Currie is at present crossing the Atlantic and plans to spend some time with his mother in Ontario before coming through to the coast.

A TRIAL WILL CONVINCE.

MEETING TO-NIGHT TO DISCUSS AUTO RACES

Local Automobile Dealers
Keenly-Interested in Event.
Fixed For August 16

A meeting has been called for this evening at 8 o'clock in the Board of Trade Rooms to which all automobile and accessory dealers and others interested in making the big automobile racing meet to be held at the Willows on Saturday August 16 a success, are invited to attend.

An executive committee including Thomas, Plimley, R. J. Jameson, Robert Playfair, J. G. Woods, C. H. Willis, George Lilly and H. A. Davis will be in charge of the affair. C. H. Willis

is talked of as the possible chairman of the executive committee, and every means will be taken to make the race meet a big advertising feature for Victoria.

Practically all the fastest racing cars in the Pacific Northwest are expected to be present. The race meet here has been made possible by the enterprise of the local automobile dealers, who are taking a keen interest in the affair. Plans for a big automobile parade on the morning of August 16 are under discussion.

Among the prizes offered will be a silver cup presented by Jameson, Rolfe & Willis to be competed for in one of the local events. Thomas Plimley has taken a very active part in bringing about the race meet, and other local dealers are taking a prominent part in the plans.

ELECTRIC RAILWAY EARNINGS.

The gross earnings of electric railways in Canada during the fiscal year ended December 31, 1918, were \$24,299,839.63, and their operating expense, \$17,535,974.63. The rate of operating expense to gross earnings was 72.16, as stated in the annual report of the Department of Railways and Canals.

BOOKS ON LABOR PROBLEMS-NOW AT PUBLIC LIBRARY

Fine Collection of Works, of
Particular Interest at This
Time, Has Been Acquired

Labor problems form the theme of a number of excellent books recently acquired by the Victoria Public Library. In view of the prevailing labor unrest these books are of wide interest to patrons of the library, and are among the most popular books on the shelves. Not only do the works deal with various problems with which labor and the world is faced to-day, but they also describe in a plain, unprejudiced way the theories of the schools of bolshevism, socialism, syndicalism and anarchism.

"The Works Manager of To-day," by Sidney Webb, is one of the best books of the kind available at the library. Mr. and Mrs. Hammond's "The Town Laborer" is also a work of great interest. A large number of people are reading "The Education of Henry Adams," a semi-biographical work which traces the development of a man's character in

the light of every condition that ever influenced it. Two educational works, "The Dominie's Log" and the Dominie's "Dismissal" are being sought by a large number of readers.

CONSOLIDATED SCHOOL PROVES BENEFICIAL

Professor Arp Tells Summer
School Students Advantages
of System in States

School consolidation and its many advantages, both to the child and to the community, were touched upon by Professor J. R. Arp, of Minnesota, in the course of an address to the Summer School students yesterday afternoon. His early experiences as a teacher in one of the rural districts of Minnesota had shown him that to obtain the best results a consolidated school system was necessary.

Transportation Easy.
The objections concerning transportation need only to be stated to be overcome. If wheat could be brought to market or children carried for short distances, there was no reason why, if necessary, they could not be taken farther and a good school house be built in a convenient situation. This was now being done in

many places in the States, and the lecturer gave many figures to show what had already been accomplished.

One Standard.
In furtherance of his advocacy of school consolidation, Mr. Arp claimed that in a democracy there should be one standard for education. The child of the poorest man ought to have the same advantage as the child of the rich. At present the children of the city had better schools, more equipment and better paid teachers than the rural districts—a condition which could be remedied if the consolidated system were put into general use.

EVERGREEN HIGHWAY MEN ASKED GRANT

Want \$350 From Vancouver
Island Towards Publicity
Campaign

President F. H. Sweetland and Field Secretary C. A. Collins, of the Evergreen Highway Association, addressed the directors of the Victoria and Island Development Association yesterday afternoon before leaving for Duncan and Nanaimo, en route to Vancouver. They asked for the sum of \$350 from Vancouver Island towards the expense of the campaign work, which it is estimated will cost \$350.

Secretary Collins makes the following statement to The Times on the objects of the Association:

Mr. Collins in the course of a chat with The Times yesterday said: "The Evergreen Highway plan does not contemplate the building of a new highway, but rather the connecting up and co-ordination of existing highway systems in British Columbia, Washington, Idaho and Utah to the end of establishing a continuous and complete line of highways that will open another tourist artery to the great playgrounds of the Northwest."

Why This Route.
"The route avoids all mountain passes where snow and winter weather would prove a serious barrier, and when fully improved will provide the only highway leading to the Northwest which will be open in winter months, thus being practically an all year route. It follows mainly the river valleys, therefore in the arid states provides running water and vegetation instead of desert wastes, also reaching improved agricultural sections. It reaches state capitals, principal cities, all but one or two of the county seats in counties entered, and is so located that in each section it crosses it serves the majority of the population thus will ultimately become the most important highway in each state and therefore kept in highest efficiency. It crosses or taps practically all other transcontinental highways thus offering great opportunity of diverting tourist travel to the Northwest."

What Has Been Done.
"The Evergreen National Highway Association organization was completed in May 1919. Since then the route has been completely signed from Utah line to Puget Sound and sign work will be finished through British Columbia within a few days. Material for maps, road logs and guides is being collected and prepared for press. President F. H. Sweetland and Field Secretary C. A. Collins, have just returned from a complete trip as far as Salt Lake City."

The official party consisting of President Sweetland and Field Secretary Collins are visiting the cities on the Georgian Circuit thus completing the inspection trip of the entire route.

PHENOMENA OF THE HEAVENS DESCRIBED

Rev. Father Rodes, of Ebro
Observatory, Address St.
Ann's Students

The wonders of the heavenly bodies were vividly described to a large audience at St. Ann's Academy last night by Rev. S. J. Rodes, S. J., of the Ebro Observatory, Tortosa, Catalonia. The subject of the lecture was "A Trip Through the Firmament," and included a brief study of the solar system and the many phenomena of the heavens.

Atmospheric Changes.
A departure from the usual astronomical theme was made when the lecturer threw on the screen a series of views of the earth taken from an aeroplane in an effort to show the changes made by atmospheric conditions. These views included pictures of the Grand Canyon, Colorado, the lecturer explaining that this vast fissure represented the action of two different ages—the first, the accumulation of this mass of rock which is a mile thick, and the second, the action of the water in cutting it away.

"I have often wondered how many times this same water has rolled down here," said Father Rodes when showing a view of Niagara Falls. "It is a wonderful study, not only in the power of motion, but in the cycle of the sun, carried away in vapor, falls as rain, is picked up again into vapor and may have fallen down these wonderful falls thousands of times."

The Milky Way.
After describing the smaller planets and their courses, Father Rodes gave an interesting description of the "Milky Way," illustrating his remarks with a series of wonderful pictures of nebulae. Several views were shown of the sun's corona taken at different parts of the world during a total eclipse. These showed protuberances of flame, some of which, the lecturer explained, were so high that if they were emitted from this earth they would reach beyond the moon.

Rt. Rev. Bishop Macdonald was in the chair, and in the audience were Professor Boothroyd, of Seattle, and Dr. J. S. Plakett, of the Dominion Observatory, Saanich. Prior to the address F. J. Sehl sang "Thy Sentinel Am I," and in the interval, Miss Florence Lifton rendered a pianoforte solo, Beethoven's "Moonlight Sonata" with much skill and charm.

Said an Irish justice to a blustering prisoner on trial: "We want nothing from you, sir, but silence, and very little of that."

Boys' Wash Suits

Full range of Oliver Twist and Two-Piece Wash Suits in white and blue and white stripes and fawn and white; all latest designs. Prices range from \$1.75 to \$4.50

English Sailor Suits in white drill at \$4.50 and English Gaiters at \$4.00

HATS

A full range of all Summer Hats, suitable for wearing with these suits, in canvas, panamas and straw, in many new designs and colors. Ranging from \$1.00 to \$2.50

Eye Sufferers

We want you to know that our years of successful experience as Optometrists and Opticians is at your service. Your eyes are examined by a skilled specialist in Optometry—the science of fitting glasses—who has passed a rigid examination in theoretical and practical optics, and who has had years of practical work behind him. Since coming to Victoria we have successfully fitted glasses for the most difficult and complicated cases, such as mixed astigmatism with muscular imbalance. These cases require skill and proficiency of the highest kind in the science of refraction.

If you have any symptoms of eye-strain phone 5351 and make an appointment for an examination. It's a step toward higher efficiency.

FREE THIS WEEK ONLY At the Stores Named Below A 10-Day Tube of Pepsodent

Teeth Are Wrecked

By a Film, and You Must Combat It

All Statements Approved by High Dental Authorities

The Brush Alone Can't End It

Dental science has found that the great tooth destroyer is a slimy film. It is ever-present, ever-forming. You can feel it with your tongue. Most tooth troubles are nowadays traced to it.

That film is what discolors—not your teeth. It is the basis of tartar. It holds food substance which ferments and forms acids. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. The dental name for film is "bacterial plaque." Those germs, with tartar, are the chief cause of pyorrhea. Also of other serious troubles.

The tooth brush, as used generally, leaves much of that film intact. The film is clinging. It gets in crevices, hardens and stays. The ordinary dentifrice cannot dissolve it.

So millions of people find that brushed teeth still discolor and decay. Tartar forms on them. Pyorrhea very often starts. Statistics show that, despite the tooth brush, these troubles have constantly increased. They cannot be avoided on film-covered teeth.

Now dental science has found a way to daily and efficiently combat film. Able authorities have proved the fact by many clinical tests. Now that method is embodied in a dentifrice called Pepsodent. Leading dentists everywhere are urging its adoption. And we are proving the results to hundreds of thousands by supplying a 10-Day Tube.

This is to offer that tube to you. To urge that you get it and use it and watch its effects. Then judge for yourself what this new method means to you and yours.

Pepsodent CANADA
REG. IN
The New-Day Dentifrice

Science Has Now Found a Way

Analysis shows that this film is albuminous. That fact suggested pepsin, the digestant of albumin. Pepsodent is based on that. The object is to dissolve the film, then to constantly combat it.

The uniqueness lies in a harmless method of activating pepsin. It must be activated, else it is inert. The usual agent is an acid, harmful to the teeth. So pepsin long seemed forbidden.

This new activating method solves the problem. It activates the pepsin, yet it cannot harm the teeth. Five governments have already granted patents. And this discovery seems to promise a dental revolution.

Dental experts have now used Pepsodent and watched its results for years. There is no question about its effects. Anyone can see them in a few-day test. So we supply a 10-Day Tube to anyone who asks. The stores named below have them in stock this week. And they will give you one, entirely free, if you present this coupon.

We urge you to do that. Use Pepsodent like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten—how they glisten—as the fixed film disappears.

You will realize then that the film problem has been solved. The teeth's chief enemy is conquered. You can have clean teeth—safe, white, filmless teeth—in this easy, pleasant way.

Let the product itself convince you. Compare the results with your old methods. Then decide for yourself what to do.

This question is of prime importance. Old methods are not adequate, as everybody knows. See if this method is. Cut out the coupon now.

Any Store Named Below Will Supply the Free Tube on This Coupon

Suspension of Carl Mays May Begin Bitter War in Baseball

Huston's Belief Ban Johnson Is Interested in Cleveland Club—May Apply for Injunction Against President

New York, Aug. 5.—The case of Carl Mays, pitcher, whose suspension by President Johnson after Mays had been traded by the Boston club to the New York Yankees, which bids fair to result in one of the bitterest wars of organized baseball, will not be settled by the American League club-owners.

President Johnson, who came to New York to preside at a meeting of the league called for to-day, announced that the special meeting would not be held. The owners of the Yankees, Colonel Ruppert and Lieut.-Colonel T. L. Huston, told President Johnson that they were not interested in the Cleveland club, and that they were not interested in the case of Mays. They said that they were not interested in the case of Mays, and that they were not interested in the case of Mays.

Harry Sparrow, business manager of the club, said that legal matters had been put in motion to protect the club's rights. The preliminary move is expected to be in the form of an application for an injunction against Johnson to prevent him from interfering with the New York club's property rights to Pitcher Mays.

President Johnson declined to comment on the charge that he was interested in the Cleveland club. In a statement asserting that "to permit the transfer of the player to one of the contending teams for the championship would lower the standard of baseball and place a premium on flagrant violation of club discipline," President Johnson gave his side of the case.

After detailing the manner in which Mays left the Boston club in Chicago during the progress of a game, Mr. Johnson said that the Chicago, Cleveland and New York clubs immediately opened negotiations to obtain the player. This, he said, prompted a vigorous protest from the Washington, St. Louis and Detroit clubs, and later from Philadelphia. James Dunn, owner of the Cleveland club, immediately withdrew his efforts to obtain Mays as soon as the argument was presented to him that for a pennant contender to obtain the services of the player would "lower the standard of baseball."

Ten days after Mays left the Boston club, Mr. Johnson said, he wired Manager Harrow, of the Boston club, as follows:

"Please explain why Boston club has neglected to suspend Mays. This must be done immediately or American League will be forced to take action."

On the following day he said he sent the following message to Colonel Ruppert, of the Yankees:

"Mays left Boston club without permission and has made declaration he will not continue in its service. This is a flagrant breach of discipline and should not go unpunished. Six clubs have protested that the player should not be permitted to go elsewhere. To allow this incident to go unchallenged will work endless harm to the American League. Clubs should stand together and refuse to negotiate for this man."

"I heard nothing more from Colonel Ruppert and naturally supposed he had dropped all negotiations for Mays," Mr. Johnson's statement said. "When the announcement was made in the newspapers that the player had been transferred to the New York club I was astonished. I immediately suspended Mays indefinitely and wired both the New York and Boston clubs to that effect."

MINERS AND FAMILIES ENTERTAINED LAVISHLY

Canadian Collieries Second
Annual Outing Held Near
Cumberland

Figures all ran into the thousands when the Canadian Collieries, Ltd., entertained their employees and families at the second annual picnic held at Royston's beach, a few miles from Cumberland Saturday. Three thousand people, comprising employees, their families, and friends assembled on ten acres of meadow land over which a number of employees had previously gone and done a lot of work in erecting booths for sidehows, tables, a merry-go-round, and a number of other attractions and a wrestling platform and a programme of seating 2,500 people. Arrangements were also made to pipe water through to the grounds and to keep a supply of hot water for the needs. The ground was well crowded with all the attractions of a big festival.

A special train of fourteen cars left Cumberland early in the morning, headed with the open street; Miss Grace Wellburn and Miss Rose Robertson will swim in the fifty yards open. Kathie Wellburn and Kathie Robertson will take part in the race for girls fifteen and under over the fifty yards course. There are some capable swimmers among the representatives of both clubs who should bring back trophies to the Island. Jack McNeill is swimming well and should have no difficulty in re-establishing himself in the same position in the swimming world as he held before he went overseas.

Rather than send over a weak team for the B.C. polo championship, the V.A.S.C. and the Y.M.C.A. are combining forces and a team will be entered led by Jack McNeill. Jack has been giving a lot of tuition to his players recently and will field a promising aggregation. He will rely upon Angus McKinnon and Al McKinnon; Hiberson, McFadyen and Gordon Young; Dave Belnavis; reserve, Jack Marshall.

Generous prizes were given for the following events:

Wrestling tournament—1, \$25; 2, \$15; 3, \$10.

Tug-of-war, Coxswain only—1, \$70; 2, \$35.

Five-a-side football—1, \$20 a man; 2, \$15 a man; 3, \$10 a man.

Baseball—1, \$7 a man; 2, \$3 a man.

The merry-go-round was built by the Company at Union Bay. The preparation of the grounds was in the hands of A. S. Hamilton, master mechanic at Union Bay.

A WIN FOR TED LEWIS.

Philadelphia, Aug. 4.—Lex Tander, Philadelphia lightweight, defeated Willie Jackson, of New York, in a six-round bout to-night.

Ted "Kid" Lewis, of England, former welterweight champion, outboxed Steve Lato, of Hazelton, Pa.

WESTMINSTER OUT SATURDAY TO SPOIL HOME TEAM'S RECORD

Stickhandlers From Mainland
Will Try to Make it Five
Straight

For their Saturday afternoon game with New Westminster it looks as though the Victoria (Foundation) stickhandlers are going to have the hardest game of the season to play and win. The team that will represent the Royal City in the last battle for the Mann Cup on local grounds this year is an entirely different aggregation from that defeated on two occasions already by the local team.

Greatly Improved.

The Mainlanders have been having the hardest kind of workouts to get in shape to win this game, and the result of the last game with Vancouver proves that they have greatly improved their line-up, and are capable of giving Victoria the hardest kind of a fight. Winning that game has given them a lot of confidence also, and if they can break Victoria's winning streak in Saturday's game, there is always the chance of Old Man Luck taking a hand and throwing the breaks against the present leaders of the league giving Westminster the chance of duplicating Victoria's record of five straight series.

Cotton Has No Fears.

It's a hard fight, though, coming from behind and taking first place, and credit must be given him and Coulson, cannot see any possible chance of such a thing happening. He insists that his boys are capable of winning every game in which they are matched, and that when the fixtures of the Pacific Coast Amateur Lacrosse Association are finished for 1919, the wearers of the Foundation colors will have an unbroken string of victories to their credit.

MAN CUP LACROSSE TOLD IN STATISTICS

P. C. A. L. A. Standing.

Team	P.	C.	A.	L.	A.	Goals	Gm's
Vancouver	5	3	3	3	3	35	31
Westminster	5	3	3	3	3	31	31
Vancouver	6	1	5	1	2	28	43

The only way Victoria could lose would be if Westminster win all their remaining games and Victoria lose all. A tie would result as follows:

Team	P.	C.	A.	L.	A.	Goals	Gm's
Vancouver	5	3	3	3	3	35	31
Westminster	5	3	3	3	3	31	31
Vancouver	5	3	3	3	3	31	31

Feedham Follows Storme.

Individual scoring shows Storme, the Royals' outside home, with 14 goals to his credit, closely followed by Bernie Feedham, of the Foundations.

EVENTS FOR SHAWNIGAN LAKE REGATTA SATURDAY

The following programme has been drawn up for the fourteenth annual regatta of the Shawnigan Lake Athletic Association, to be held on Saturday.

Sailing race; motor launch race; Junior fours, Wabank Cup, J.B.A.A. vs. S.L.A.A.; double sculls for boys; double sculls for men; lapstroke races, first heat; single sculls for returned men only; tandem canoe race; mixed double canoe race; outdoor motor boat race; mixed double sculls; lapstroke fours, final heat; upset canoe races, single sculls; canoe race; boys' swimming race, fifty yards, sixteen and under; men's swimming race, seventy-five yards; high dive; spring board dive; greasy pole; grand opening of dance at 9 p.m. Miss Thain's three-piece orchestra from Victoria.

Many entries from Victoria and the surrounding district have been received and the event promises to be equally as enjoyable as in previous years.

SHADED JOHNNY DUNDEE.

Jersey City, N. J., Aug. 4.—Mel Coogan, of Brooklyn, had a shade the better of Johnny Dundee, of New York, in an 8-round bout here to-night.

LOOKING THINGS OVER

The Collieries Fight Hard.

In the amateur baseball race the Canadian Collieries still have a chance of beating the Strath Two Jacks in a spurt to get into second position, and meet the Foundation nine for the play off series. A lot of praise is due to the Collieries for the way they have battled to get into the race. When the season opened it was an easy matter to predict that the Collieries could finish second in any game they played except against Yarrows, but there was never any talk of quitting. Dave McFarlane had his boys out working and tried changes in his team until the result was shown in their last game against the Foundation. In the eighth innings the Collieries had the lead, and it took twelve innings of hard baseball before the league leaders were able to turn the tables.

Another Triumph For Audrey.

Miss Audrey Griffin scored another triumph, to add to her long list, in winning The Times Long Distance swim. Given the opportunity to compete in a national event, there is little doubt existing in the minds of those who have seen the clever young Victoria swimmer in action, that she would be able to prove her right to the claim which is made for her of champion lady swimmer of Canada. It was unfortunate that Ann Mayhall, the Seattle representative, should have been attacked with cramp and forced to retire from the race as she too is a plucky and clever swimmer, and it would have been interesting to see how the two would have compared with the local talent. Although Jock McNeill made a splendid effort last year against the Foundation, in the eighth innings the Collieries had the lead, and it took twelve innings of hard baseball before the league leaders were able to turn the tables.

COMPLETING CARD FOR FOUNDATION TOURNEY

Only Two More Bouts to Be
Arranged to Finish
Programme

The programme of the boxing tournament to be held at the Foundation club rooms Friday evening under the auspices of the Foundation Boxing Club is almost completed, and gives promise of providing a lively evening's entertainment. Practically every event is a star turn, the matches having apparently been arranged with much care. A glance at the following list of bouts should be enough to convince anyone of the excellence of the competition to be staged.

1. Benson, Foundation, vs. Mathews, Foundation.
2. Kirby, Foundation, vs. Mitchell, Ladysmith.
3. Best boys, aged eight and eleven (exhibition bout.)
4. Fort, V.I.A.A. vs. McLeod, Ladysmith.
5. Smith vs. Stanton, V.I.A.A. (exhibition.)
6. Baker, Foundation, vs. Sneddon, V.I.A.A.
7. Hill, Foundation, vs. Craig, G.A.A.C. Vancouver.
8. Guy Martin, Foundation, vs. Hamilton, Ladysmith.
9. Charlie Martin, Foundation, vs. Dewar, G.A.A.C. Vancouver.
10. Corkle, Foundation, vs. Morgan, Ladysmith.

There are another couple of bouts to be arranged to complete what is probably the best effort in the boxing game ever attempted in Victoria. It would be difficult to select from the above what bouts will prove the most interesting, as every one of them is expected to provide a close, keen, struggle, but it is believed that the bout between Baker and Sneddon, Hill and Craig, Martin and Dewar, Fort and McLeod, Corkle and Morgan will be of special interest.

HAL BEASLEY SHOWS SPEED IN TWO RACES

Wins 100 Yards and Quarter
of Mile at Caledonian
Sports

The two chief events in the annual St. Andrew's and Caledonian games at Brocton Point, Vancouver, Saturday, were won by Hal Beasley, the Victoria track expert.

The track and field athletics were the best ever held in Vancouver, according to a mainland report, and brought out some wonderful talent. Detective John Cameron was in his best style and won the grand aggregate with twelve points to his credit. Hal Beasley, of Victoria, was in good form also, and won two of the best races of the day in fine time.

Beasley carried off the 100 yards dash and the 440 yards open, the results of which were as follows:

440 yards open—Hal Beasley, L. H. Buckley, A. H. Eckhardt; time, 55 seconds.

100 yards, open—Hal Beasley, L. S. Cowan, Bert Davidson; time, 10 3-5 seconds.

The hundreds yards dash was the principal feature of the track events, and the spectators were afforded a treat in a contest narrowed down between Hal Beasley and Lee Cowan, the colored high school boy. Although Hal got away with a good start Cowan was rapidly gaining towards the finish; Hal brought all his veteran track experience to his aid to win, and at the finish literally threw himself across the tape line. Hal Beasley has been out of the running game for the past five years, and his work surprised his friends. He was member of the Canadian Olympic team prior to the war, and is credited with making the hundred in nine and four-fifths at Victoria, which is equal to the world's record.

The 50th Gordon Highlanders' Band figured in the pipers' contest, the result of which was as follows: Seattle, Clan MacLean; 72nd Highlanders, Vancouver; 50th Highlanders, Victoria; Clan MacLean, Vancouver.

AUSTRALIAN PLAYERS FOR NEWPORT TENNIS

Newport, R. I., Aug. 5.—Australian players entered in the third annual invitation tournament at the Casino were expected to reach here in time to play their matches in the first and second rounds late this afternoon. Feature matches this morning brought together William T. Tilden, New York expert and Robert Kinsey, of San Francisco, while William M. Johnston, California star opposed H. C. Johnson, last year's Massachusetts champion.

OLD COUNTRY CRICKET.

London, Aug. 5.—(C. A. P.)—Cricket results on Saturday were:

Sussex beat Yorkshire by five wickets. Yorkshire made 157 and 228; Sussex 271 and 148 for five wickets.

The feature of high-scoring made between Surrey and the Australians, which was drawn, was the wonderful hitting by Crawford, of Surrey, not out 144. He put on 80 runs in 35 minutes, and of those from the bat, he made all but two.

Kent is now at the head of the championship table and Nottingham and Kent are the only undefeated counties.

Cincinnati won. Lost. Pct.

George Silburn came ahead on points in the series of handicap swims held during the month of July by the Victoria Amateur Swimming Club, with Earl T. Squire, second and Kathie Wellburn third. The August handicap, which according to present plans will be the last monthly handicap swim of the season, will start Wednesday night.

LETHBRIDGE FRAGMENTS FIGHT FOR SOCCER TITLE

Calgary, Aug. 4.—Playing on a field that resembled the Atlantic ocean more than a soccer patch, the Fragments of Lethbridge, scored a one to nothing victory over Hibernian, local champions in the first of the home and home games for the provincial title. The return game will be played at Lethbridge Wednesday.

Proper and safe directions are in every "Bayer" package.

Boxes of 12 tablets—Bottles of 24—Bottles of 100—Also Capsules.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing Company of Monroeville, Pa., U.S.A. Aspirin is well known that Aspirin means Bayer manufacturing. To enable the public against imitations, the Chinese of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

BIRTHS, MARRIAGES, AND DEATHS

DIED.

MAXEY—On Aug. 4, 1919, at Jubilee Hospital, James Harris Maxey, of 211 Portage Ave., aged 62 years, born at Corby, Lincolnshire, England.

The remains will be interred at the B. C. Funeral Chapel, 734 Broughton Street, from whence the funeral will take place on Wednesday, August 5, at 12:30 p. m. Interment will be made in Ross Bay Cemetery. Friends will please accept this intimation.

LUMBER SHIPPED TO UNITED KINGDOM

Over 12,000,000 Feet of Big Order Being Got Away From B. C.

Vancouver, Aug. 5.—More than 12,000,000 feet of the British order for 70,500,000 feet of British Columbia lumber will be on the high seas bound for the United Kingdom by the end of this week if nothing unforeseen develops. Already 2,350,000 feet have been dispatched, according to a statement of C. E. Huddard, manager of the Associated Timber Exporters of British Columbia. This organization is handling all of the British order, and Mr. Huddard is confident he will be able to report well over 40,000,000 feet shipped by the end of the year.

The Associated Timber Exporters have a large quantity of tonnage available as time passes. They have all of the French wooden steamships built and building in British Columbia, several new steel steamships, and a number of tramp tonnage that will be regularly.

WOMEN EMPLOYED.

Spokane, Aug. 5.—Employment of women as meat cutters in local meat markets against which union butchers workers are on strike in support of their demands for increased pay was resorted to today by master butchers under union help. A few women were employed in some of the markets yesterday.

SEVEN KILLED.

Raritan, N. J., Aug. 5.—Lieut. Jefford, adjutant of the Raritan Arsenal, said today that he did not believe more than seven were killed in the explosion of a magazine filled with low grade explosives here yesterday. "Several" bodies already had been recovered, he said. The search for victims continued among the debris all last night.

The most momentous associations sometimes attach themselves to the most trifling things. Thus at a dinner the hostess said to a sour-faced man on her left:

"May I help you to some of the boiled rice, Mr. Brown?"

"Rice? No, thank you; no rice for me," Smith answered, vehemently. "It is associated with the worst mistake of my life."

TERRORIST PLOT IN UNITED STATES

Dynamite Outrage in Los Angeles Believed to Have Ramifications

Los Angeles, Aug. 5.—Officers seeking the perpetrators of the bomb outrage which on Sunday practically destroyed the residence here of Oscar Lawler, formerly, Assistant United States Attorney-General, have abandoned the theory, it was announced today, that the explosion and resultant fire were caused by any person holding merely a petty grudge against the attorney. They expressed the conviction that the crime was part of a terrorist plot with national ramifications.

In this connection they called attention to the prominent part played by Mr. Lawler a few days ago in the Indianapolis dynamite cases, and let it become known that the county officers had men sent to an unnamed town in the Imperial Valley in search of two men implicated in those cases.

One of these men, it was said, was released from the federal penitentiary at Leavenworth, Kas., only three weeks ago and both he and the other were known to have been in Los Angeles a few days ago.

Early reports from the hospital where Mr. and Mrs. Lawler, who were burned and otherwise injured as a result of the explosion and fire early Sunday morning, are patients indicated little change in their condition.

Winnipeg Strikers

Said to Have Had

Designs On Militia

Winnipeg, Aug. 5.—Plans made by the Winnipeg Strike Committee to seize control of the local militia on June 10 last were placed in evidence at the trial of the strike leaders now progressing. R. E. Bray, a member of the Strike Committee, was to have led an army of 3,000 to 4,000 workers to Minto Barracks here and take control of all munitions and arms.

WILSON ATTACKS

COST OF LIVING

(Continued from page 1.)

which time the demand on the Government will be framed, O'Connell announced.

A meeting between O'Connell and other international officers of metal trades unions and Pacific coast shipping executives was scheduled here today to discuss recent wage demands made by the men.

At Spokane. Spokane, Aug. 5.—Appointment of a committee representative of the union labor of this city to investigate the high cost of living here was authorized at a meeting last night of the Spokane Labor Council.

A committee was named at the meeting to align the labor vote in support of one or more union labor candidates for city commissioner in the approaching city election.

SAYS DEMPSEY AND

MEEHAN GO WILL TAKE PLACE IN DECEMBER

Portland, Ore., Aug. 4.—Jack Curley, New York promoter, wrote a letter today from here to Willie Meehan, San Francisco heavyweight, giving Meehan all the details of a proposed 12-round heavyweight championship fight proposed between Dempsey and Meehan to take place in Newark, N. J., in December. Curley says that while in Chicago he gained the consent of Dempsey's manager, Jack Kearns, to the fight. Curley left Portland to-night for Southern Oregon to look over a tract of timber land.

SEE REPORTED TO-DAY.

Cincinnati, Ohio, Aug. 5.—Outfielder and pitcher Charles See, who was purchased from the Rochester International League Club by the Cincinnati Nationals for a price said to have been \$10,000, reported to Manager Moran, of the Reds to-day.

AVERAGE PRICE OF BUTTER.

For Canada the average wholesale price of creamery butter works out to 39 cents per pound for 1917, as compared with 33 cents per pound in 1916 and 30 cents in 1915, as stated in the report on dairy factories for 1917, published by the Dominion Bureau of Statistics.

BRITISH DELEGATES LEFT BEFORE VOTE

Amsterdam Labor Congress Passed Resolution British-Americans Opposed

Amsterdam, Aug. 5.—At the last sitting of the International Trades Union Congress here yesterday the British and American delegates sought to amend the last paragraph of the resolution dealing with the International Labor Conference to be held in Washington, D. C., in October, providing that the resolution should be binding on all nations represented at the congress here. The British and Americans, however, failed to carry their motion, and the objectionable paragraph and the resolution was adopted 29 to 11. The British delegates left before the vote was taken.

The resolution calls for trades union representatives of all countries without exception to be invited to attend the conference in Washington and declares the delegates sent by the Federation will be required to try to secure the adoption of its programme as the labor quarter of the world.

Would Stand Aloof. The resolution declares the delegates appointed by national centres affiliated with the International Federation of Trades Unions should be recognized as representatives of labor movements. Should these conditions not be accepted, it declares the national centres represented at the congress here would have to abstain from participation in the conference.

Samuel Gompers, head of the United States delegation, speaking on the resolution, repudiated the Berne programme and declared that the labor of the United States would not be bound by it.

Mr. Gompers declared that no matter what the Amsterdam conference might decide, United States labor would participate in the conference to be held in Washington.

The British delegates took a similar view.

French Views. M. Jauhaux, a French delegate, said he thought the Washington conference contained the basis for a real league of peoples, but if the labor charter of the peace treaty was not ratified by representatives of the labor of all nations, it would be impossible for those who might sign it to carry it out.

German Ideas. In the course of the discussion Carl Legien, president of the German Federation of Trades Unions, protested against Russia, Germany and Austria being excluded from the Washington conference, at which all the South American republics would be represented, in addition to Latin and Japan with its fourteen-hour working day for children.

Three Resolutions. The Congress passed three resolutions. The first demands that the blockade against Russia be lifted; the second calls for socialization of labor, and the third fixes the standard of the proletariat with reference to the League of Nations.

HOW LIBERALS WILL CHOOSE NEW LEADER

(Continued from page 1.)

Quebec, 6; Saskatchewan, 1; Yukon, 1. "Each of the provinces shall have five tellers and the Yukon one."

Resolutions. "All resolutions shall be in the hands of the general secretary of the Convention before 6 p. m. of Tuesday, August 5."

"Any person proposing a resolution which has been rejected by the committee, may, after all the resolutions reported to the Convention have been discussed, appeal to the Convention for permission to introduce the resolution notwithstanding its rejection by the committee. In such case the chairman of the Convention shall explain briefly the subject matter of the resolution and put the question as to whether or not the decision of the committee shall be sustained. There shall be no debate on the question, and if the committee's decision is rejected the Convention shall proceed to consider the resolution, then the resolution will be open to discussion."

In speaking to resolutions the following time shall be allotted to the speakers: To the mover, five minutes; to other speakers, ten minutes; with power to the chairman to limit the time to five minutes when the discussion has proceeded for a considerable length of time."

30,000 ROMANIANS IN BUDAPEST NOW

(Continued from page 1.)

"People's Republic." Berlin, Aug. 4.—Via London, Aug. 5.—(Associated Press)—"The Hungarian People's Republic" is the official title of the new Government at Budapest, it was announced at Vienna yesterday by members of the Hungarian Government after a conference with Allied representatives there.

A programme of policies agreed upon at the conference was given to the correspondents by Dr. Peter Agoston, new Hungarian Minister of Foreign Affairs. He announced that the Budapest Government would change from the Soviet system to Social Democracy. The new Government, he said, guaranteed the Allies that a new constitution would be created, authorities already socialized would remain, and the public service until the Legislature would be kept in force until changed by the new legislature.

Complete amnesty for all political offenders punished under Soviet rule had been granted, it was announced. "One of the things to be determined by the Legislature will be the degree of socialization to be adopted."

Food is reported to be scarce in Vienna, and only some of the stores are open.

NEARLY 1,500 LIBERALS ATTEND OPENING OF DOMINION CONVENTION

(Continued from page 1.)

of selections. The playing of the Marchionne brought the delegates to their feet and the French delegates sang vigorously. When "Yankee Doodle" followed they all sat down and there was general laughter.

It was noticeable that there was a considerable number of women present, more particularly in the delegates from the western provinces.

Picture of Laurier. Shortly before the opening a light was turned on the large picture of the late Sir Wilfrid Laurier over the platform and there was vigorous cheering.

Hon. Charles Murphy, as chairman of the local committee, at 10:30 formally declared the Convention open.

D. D. McKenzie, Parliamentary Leader of the Party, followed with a motion that Hon. Sir Lomer Gouin, Premier of Quebec, and Hon. G. H. Murray, Minister of the Interior, be act as joint chairmen of the Convention.

As Mr. McKenzie rose to speak the motion he was greeted with loud applause, all the delegates standing up.

Like the good people of Israel, Mr. McKenzie said, they might ask: "What cometh these things unto us? What was the purpose of the convention and what authority had it been called?"

The Convention was here, Mr. McKenzie said, on the last will and testament of the great Sir Wilfrid Laurier. It had been unanimously agreed that the wishes of Sir Wilfrid in regard to the Convention should be carried out to the letter as far as possible.

Last Convention. Mr. McKenzie spoke of the last convention in 1913. Great results had followed there was need to-day for equally great results to follow from the present Convention.

Mr. Murphy then submitted the motion, seconded by the audience, "as he put it, and it was carried unanimously."

Mr. Murphy said that there were many matters on which the Convention would agree. There were some on which the delegates might not agree, but which were one on which all would agree—that the Union Government had lost its usefulness in the country.

Mr. Murphy declared that no matter what the Amsterdam conference might decide, United States labor would participate in the conference to be held in Washington.

Mr. Gompers declared that no matter what the Amsterdam conference might decide, United States labor would participate in the conference to be held in Washington.

Mr. Gompers declared that no matter what the Amsterdam conference might decide, United States labor would participate in the conference to be held in Washington.

NEW PROBLEM FOR AMERICAN CONGRESS

(Continued from page 1.)

half the savings which are expected to be made by such a perfected organization and to the public the other half as consumers, either by increasing service without adding to costs, or by reducing costs.

Investigation. Washington, Aug. 5.—Whether Congress should undertake an investigation of the railroad employees' wage demands was considered to-day by the Senate Interstate Commerce Committee. The whole question finally was referred to a sub-committee consisting of Chairman Cullen and Senator La Follette, Wisconsin, Republicans, and Wolcott, Democrat, Delaware.

Conference. Washington, Aug. 5.—The demands of the 450,000 railway clerks, freight handlers, express and station employees in the United States that their wages be increased unless something was done to reduce materially the cost of living were considered to-day at a conference between Director-General Hines and J. J. Forester, grand president of the Brotherhood of the Employees. Similar demands from the Brotherhood of Locomotive Engineers and the Brotherhood of Railway Trainmen now are before the Director-General.

Inquiry Urged. Washington, Aug. 5.—William A. Winchell, of Atlanta, special counsel for the Southern Railway League, told the House Interstate Commerce Committee to-day that it should sit tight and proceed with an investigation of the railroad problem just as if organized labor had not demanded tripartite control of the roads.

"If you are going to adopt Government ownership or if Congress is going to surrender to the demands made upon it, which is unthinkable—and lie down supinely and let one class dictate, then I am in no position to help," he said. "I don't believe you will, I believe there is enough patriotism, enough courage in this Congress not to be stampeded and intimidated and forced to do things that fail to meet its approval. I cannot believe that these extremely radical propositions represent even the thought of intelligent workmen."

No Strike Vote. Chicago, Aug. 5.—John D. Saunders, secretary of the Chicago District Council of the Federated Railway Shoppers' Union, said that morning that his organization had refused to take the strike vote ordered by the grand lodge officers.

On Strike. Spokane, Aug. 5.—The locomotive shopmen employed by the Great Northern Railroad at Hilliard, near here, went on strike to-day in support of the demands of the Shopmen of the Great Northern for increased pay.

A strike vote of union shopmen employed by railroads here was being taken to-day in compliance with a vote passed at a union meeting last night and it had been expected that unions which had previously voted to strike to-day would withhold action pending this vote.

The strikers included boilermakers, machinists, blacksmiths and other metal workers, it was stated. Railway officials declared that less than half of the 2,200 men employed in the Great Northern locomotive shops had walked out, while union officials said all metal workers there had laid down their tools.

BASEBALL PLAYER UNDER MANSLAUGHTER CHARGE

San Francisco, Aug. 5.—James Caveney, shortstop for the San Francisco Coast League baseball team, is at liberty to-day under \$10,000 bond after having been arrested last night by Chief of Police White, who had received a telegraphic warrant for Caveney's arrest in connection with the death of Y. Nakajishi, a Japanese pool hall owner of Sacramento.

BOSTON PLAYER WORRIES FORMER NET CHAMPION

Newport, R. I., Aug. 5.—The surprise of the first round matches in the Invitational Lawn Tennis Tournament yesterday was the defeat of Vincent Richards, of New York, one of the national doubles champions, by Clarence J. Griffin, of San Francisco, in four sets and the difficulty which Wm. M. Johnston, of San Francisco, former national champion, had in disposing of J. W. Foster, of Boston.

Griffin's playing was life clockwork. He was perfect both in the back court and at the net, while Richards was not up to top form. Although Johnston won in straight sets, two of these went to extra games and there were fifteen deuce games. The California star was in good form, but Foster showed unexpected strength.

The Australian players, Patterson, Lyce, Thomas and Brooks, are expected to arrive in time to play to-morrow.

SOCCER MEN ARE IN THE FIELD EARLY

Foundation soccer men are getting into the field early. Bob McLennan announces that a meeting of the Foundation Soccer Club will be held Thursday at the club house and asks for full attendance of all interested in the round ball game. The ship-builders, he states, intend having a strong team in the league again.

GRAIN PRICES CONTINUE DOWNWARD

(By Burdick Bros. & Brett, Ltd.)

Very weak after small rally early in the session to-day. Most of the selling was based on the idea that something drastic would be done by Washington in the way of bringing wheat prices down. Hops were lower, and this also had a depressing effect on corn values.

TWO ARRESTED NEAR CLEMENCEAU'S HOME

Paris, Aug. 5.—Two laborers, one of whom had two revolvers and the other a large knife, were arrested yesterday near the residence of Premier Clemenceau by detectives who said their manner had excited suspicion.

As they were being taken to the police station a detective said the men offered money for their release. They said they had an engagement with friends and relatives at a cafe in the street where the Premier resides.

The possession of weapons they explained by saying that someone had commissioned them to sell them for him.

The men are held for trial on charges of carrying concealed weapons and attempted bribery.

Paris, Aug. 5.—An agricultural strike has been declared in the region of Melun, about twenty-five miles southeast of this city. The men demand wages of thirteen francs a day and double pay during harvest. The farmers offer eleven francs a day.

What Cash You Need When Travelling

—and more particularly, when large sums are required—is best carried in the form of a Letter of Credit, issued by The Merchants Bank.

This old established form of international banking is preferred by many experienced travellers because of its absolute security.

Letters of Credit are cashed only by banks or banking corporations, and the identity of the holders is established to the satisfaction of the bank officials. This insures safety, and guards against loss and theft.

DOMINION

After the production of a straight drama and a melodrama, Dorothy Gish has again returned to the field of pure comedy. In "I'll Get Him Yet," her current picture which will be at the Dominion Theatre, there will be no difficulty on the part of the audience to work out the problems of the play.

"It's giggles we want," says Miss Gish, but in the previews the giggles grew to roars.

"Situations and Dorothy Gish are all that is required to satisfy any audience as long as the film runs," says one critic, "and it is a matter of choice as to whether or not you need the situations."

The picture deals with a girl who has in her own right an entire street railway and interurban system. She marries a newspaper reporter who is

TERRIBLE AGONY"Fruit-a-tives" Alone Gave
Him Quick Relief

Ruckingham, Que., May 3, 1918.

"For seven years I suffered terribly from Severe Headaches and indigestion. I had belching gas from the stomach, and I had chronic Constipation. I tried many remedies but nothing did me good. Finally, a friend advised 'Fruit-a-tives.' I took this grand fruit medicine and it made me well. To everyone who has miserable health with Constipation and indigestion and bad stomach, I say take 'Fruit-a-tives' and you will get well."

ALBERT VARNER.

50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent post paid by Fruit-a-tives Limited, Ottawa, Ont.

In love with her, but almost insane on the "marrying money" subject. In order to complete the ceremony, she tells him she will never accept another penny from her father, but does not inform him that she is worth several millions in her own name.

The complications that arise when she has to meet the persons who are in charge of her estates, give her the best opportunity for comedy of any picture she has appeared in since "Hearts of the World."

Miss Gish is supported by an exceptionally strong company of players. Richard Barthelmess is her leading man, while George Fawcett, the famous actor, appears as her crusty father. The comedy is thoroughly up-to-date and the situations are highly diverting, all affording Miss Gish delightful opportunities for the display of her manifold talents.

ROYAL VICTORIA

Fannie Ward, whose girlish spirit and appearance give such an enduring charm to "Common Clay," is proud of a collection of 5,000 letters which she received from admirers in all parts of the United States and all parts of Canada. The natural supposition is that this correspondence comprises the fervid sentiment of admiring males; but Miss Ward prizes it most highly because it is not—the letters were written by girls of ages ranging from fifteen to twenty. No other woman on the stage or screen has ever depicted girlhood with such fidelity and charm, and in "Common Clay," A. H. Woods' screen rendition of the Harvard prize play by Cleves Kinkaid, Miss Ward achieves a characterization that must add enormously to her artistic reputation.

Ellen Neal, the working girl heroine, in the initial production of the stage play, gave Jane Cowl one of the big opportunities of her career. To Miss Ward, acting for the screen, it offered an opportunity greater still; for while the stage story has its technical limitation, the screen offers a breadth of treatment of action and detail which gives a fuller and appealing reality to the story. The play has been upward and the photodrama will have even a greater popularity, because of its vivid amplification and because the story itself is one of vital realism, concerning the Girl Problem, and the terrible stress of life in a great city. It will be shown at the Royal Victoria Theatre all this week.

VARIETY

"There's one consolation," remarked Taylor Holmes recently, on receipt of a letter; he is featured on the Variety screen this week in "A Pair of Sixes." "If I should be looking for a job I know where to go now." He read the contents of the mysterious letter. It came from a small town tailor, who invited the star of "A Pair of Sixes" to accept a position as professional model for his suits. "Judging from the pictures," reads the letter, "you certainly can wear clothes! If you'll consent to

quit the movies and come to—and wear one of my suits and tell the people about it, I'll pay you a good salary; say two and a half a day; half day Saturday."

COLUMBIA

The branding of his little brother by a villainous Mexican is the outrage that moves Harry Carey to action in his latest Universal picture, now showing at the Columbia, called "Bare Fists." Up to that point Carey had respected a promise made to his mother that he would never again use his gun. But action of some sort was impossible, and Carey solved the problem in an intensely dramatic way. "Bare Fists" is a characteristic story. Providing the usual ingredients of the typical "Western"—hard riding, straight shooting and tense drama—it has also those human touches that have come to be associated with Carey pictures, and which distinguish them from the usual run of cowboy melodramas.

The third episode of "A Fight for Millions" is also a popular feature on the new picture programme at the Columbia.

ROMANO

With yesterday's matinee showing, the management of the Romano offered something distinct in the way of picture entertainment in the latest William Russell production, entitled "Where the West Begins." It is not an ordinary strenuous picture. It is different, and it carries a moral: "Life is Just What You Make It."

Staged under the careful direction of Henry King, it is a typical Russell story, with a stirring climax that brings the hero sharply to the front. Mystery, Adventure and Romance are the strong element in the theme and the setting, varies from the rugged Great White Way to the Uplands and prairies of the West. Among Mr. Russell's support are Eileen Percy, J. Cullen Landis, Carl Stockdale, Frederick Vroom and Alfred Ferguson, all carefully selected performers. The story is from the pen of Stephen Fox, well-known scenario writer, who has provided the star with many opportunities; and, in this picture the things he doesn't do are not worth while mentioning.

YOUTHFUL STARS

SCORE AT PANTAGES

"The Coming Generation" is an Attractive Innovation to Popular Vaudeville

Popular vaudeville presents a charming innovation at the Pantages this week in a sparkling kiddie act appropriately programmed as "The Coming Generation."

This delightful act is put on by nine youthful pupils of Mr. and Mrs. Hamilton Douglas and the diminutive performers completely won over the first night audiences with their clever singing and dancing. The Highland Fling presented by the tiny tots, Bernice and Clarice Richardson, but whets the appetite for what is to follow. A number of dancing and singing specialties are introduced by Evelyn Hayes, Donna Richardson, Dorothy Conpton, Fern Diller, Louise Highbee and Leona and Willie Hacker. The terpsichorean number by the two latter performers is especially fine. The act is concluded with a beautiful classical dance with the entire company gracefully emulating woodland nymphs in a wonderfully realistic forest setting.

These talented youngsters are being accorded a big reception by Pantages patrons.

"Hello, People, Hello," is another elaborate Peppie-Greenwald production which occupies the premier place on the current programme, featuring Adele Jason and Al Prince. The principals are supported by a number of pretty and charmingly-gowned young women. In its dazzling array of wonderful costumes this act could well be styled a fashion revue. Al Prince is a former musical comedy star, and his song numbers are right up to the minute. Adele Jason has a rich soprano voice, and she wears some stunning frocks.

The wardrobe is a conspicuous feature of the act, and contributed largely to its success.

Miss Dorothy Lewis makes a decided impression with her mezzo contralto voice and charming stage presence. Apart from her winning personality this lady possesses a voice of rare quality. Her vocal efforts were readily snatched by delighted audiences last night. Brocius and Brown, "The Brainless Wonders" present a roller-skating and trick-cycling act which abounds with thrills. The acrobatic feats of these clever performers are really sensational, relieved by amusing comedy.

Ball and West appear in "Since the Days of '61," which revolves around the American civil war. The characterization of the old army veteran is well done. "Richard the Great," the Monk who made a man out of himself, is here for a return engagement, and appears to have lost none of his cleverness. The performance of this intelligent monkey is pleasing to the youthful element.

The eleventh episode of "The Man of Might" completes the bill.

VICTORIA FARMERS' INSTITUTE.

Meeting Will Be Held at Royal Oak on Friday.

A meeting of the Victoria Farmers' Institute is to be held in Royal Oak Hall on Friday at 8 p.m., to hear a lecture (probably by Mr. Harris, of Moresby Island) on the summer feeding of dairy cows. A good attendance is expected to meet the well-known dairyman, as it will be the first opportunity the Victoria Institute members have had of hearing the problems discussed and possibly elucidated by this successful dairyman. H. Rives, Provincial dairy instructor, lately returned from overseas, will probably attend. In addition an invitation is extended to all Ward Four residents who are interested in agriculture, whether members of the institute or not, in order to arrange for and elect a committee to under take the Ward Four exhibit at the North and South Saanich Agricultural Exhibition, to be held in the association hall at Saanichton on October 6, 7 and 8.

HE WAS.

"Uncle, I wish you'd let me have a tinner. I appeal to you as a near relative."

"You do, eh? Well, here's a dollar."

The most
terrible thing a
man can hear

Back from the war, this son of wealthy parents had to confess a secret marriage to a poor village girl. He knew he had broken his mother's heart. And then he heard the most terrible thing a man can hear.

In "Home to Mother" Kathleen Norris has written what Major Norris declares to be her greatest story since "Mother."

He was punishing himself
for falling in love—

And then he came back in the strangest way. Read "The House of Bal-tazar," by William J. Locke. It's the best yet.

The first fall frocks—

The new things—shown first. Frocks, suits, afternoon and evening gowns, millinery, waists and coats—even clothes for the boy and girl going away to school. Good Housekeeping tells you where to buy any of the things shown—or will buy them for you.

If your child is different—

Could your child pass a test for mental efficiency? Do you know that what is often mistaken for stupidity is caused by bad eye-sight? Do you know one child in every five is handicapped by malnutrition? Dr. Frederick Peterson's article on "Child Training" is one of the greatest yet published anywhere.

Does a woman know
how to be honorable?

A woman's club proposed 35 women for membership—in order to black-ball them. Do you know of a man's club which would do that? "A Woman's Honor" is a challenge. And Good Housekeeping is offering a hundred dollars for the best answer to the charge.

265 women wrote this—

Blue Monday need NOT be Blue Monday. 265 women have learned how to keep unpleasantness out of the laundry and in one complete article, they give their time, labor and money saving experiences.

"Really? Well, here is some loose change."
 "And your daughter's gramophone."
 "Good! Here's some more loose change."
 "Also your son's violin."
 "What! Great Scot, man, I'll open special bottle. There certainly will be some peace in this flat from now onwards."

FRENCH SHIP IS READY FOR SLIDE

List of Guests Issued by Vancouver's Sponsor, Mrs. H. Barnett

All is in readiness for the launching of the Foundation-built wooden steamer Vancouver which will be sent off from the Point Hope yard at 9 o'clock to-night. The ship will be christened by Mrs. Harry Barnett, wife of the hull inspector for the Bureau Veritas. The following list of platform guests has been issued on behalf of the sponsor:

Mayor and Mrs. R. J. Porter, Mr. E. E. Truquenaux, Mr. and Mrs. W. G. Winterburn, A. O. P. Francis, Mr. and Mrs. W. T. Terry, Capt. and Mrs. W. H. Logan, Mr. and Mrs. Harry Hopkins, Mr. and Mrs. E. E. Jenkins, Mr. and Mrs. J. E. McCormick, Lieut.-Col. and Mrs. Humble, Lieut. Northover, Commander and Mrs. Woods, Mr. and Mrs. E. L. Tall, Mr. and Mrs. George Bushby, Mr. and Mrs. E. P. Simpson, Mr. and Mrs. W. D. Lawrie, Mr. and Mrs. Pipes, Mr. and Mrs. Purser, Mr. and Mrs. Harold Jardine, Mr. and Mrs. A. Pines, Mr. and Mrs. Boucher, Mr. and Mrs. Chas. Dodd, Dr. and Mrs. C. A. Howell, Mr. and Mrs. J. Daniels, Dr. and Mrs. Lewis Hall, Mr. and Mrs. J. McHardy, Mr. and Mrs. T. Allen and family, Mr. E. D. Allan, Mr. and Mrs. E. J. Martin, Mr. and Mrs. T. Mayo, Mr. and Mrs. Webster, Mr. and Mrs. J. Forsyth, Mrs. J. Bertram, Mr. and Mrs. John Whitehead, Mr. and Mrs. George McGowan, Capt. and Mrs. W. J. Stephens, Mr. and Mrs. Hawkins, Mr. and Mrs. R. T. Freeman, Mr. and Mrs. C. F. Bantfield, Miss Violet Harper, Miss Elsie Jenkins, Mr. George H. Wayland, Mr. and Mrs. Chaberg, Capt. and Mrs. H. C. Hansen, Capt. and Mrs. Martinson, Capt. and Mrs. Balm, Wm. Turpel, Mr. and Mrs. Mead, Frank Havis, Misses Provia, Mr. and Mrs. Pendray, Dr. and Mrs. Miss Burgess, Emil Prior, Mr. and Mrs. Fairbairn, Mr. and Mrs. Calvert, Misses Walker, Mr. and Mrs. H. B. Witter, Capt. and Mrs. Hyndman, Capt. and Mrs. H. G. Jarvis, Capt. and Mrs. T. J. Jackson, Mr. and Mrs. Clark, Mr. and Mrs. Samuel, Mr. and Mrs. Hardie, Mr. Cameron, Capt. and Mrs. Harris, Capt. and Mrs. Stratford, Mr. and Mrs. W. E. Foxwell, Mr. and Mrs. Hodgson, Mr. and Mrs. Ralph Stevens, Mr. and Mrs. E. F. Cribb, Chas. Green, Mr. and Mrs. A. F. Weight, Mr. and Mrs. Bishop, Mr. and Mrs. R. Service, Mr. and Mrs. Stimming, Mr. and Mrs. E. Siddal, Mr. and Mrs. John Harvey, Mr. and Mrs. Jos. McKay, Seth Ward, Mr. and Mrs. S. Shaw, Mr. and Mrs. Ferris, Mr. and Mrs. C. E. Bennett, D. R. Pinnick, Mr. and Mrs. Knottley, Mr. and Mrs. John Alexander, Mr. and Mrs. Harry Ross, Mr. and Mrs. D. D. Long, Mr. and Mrs. J. S. Barbour, Mr. and Mrs. J. F. O'Connor, Mr. and Mrs. R. E. Barrett, Mr. and Mrs. Law, Capt. and Mrs. W. H. Whiteley, Mr. and Mrs. Denker.

PHILIPPINE GOVERNOR WILL SAIL ON RUSSIA

Francis B. Harrison Returning From States to Manila

Francis Burton Harrison, Governor of the Philippine Islands, who is now in the city and a guest at the Empress Hotel, will take passage on the Empress of Russia, which is posted to sail on Thursday for Yokohama, Manila and Hongkong.

Members of the faculty of Canton Christian College, the leading educational institution in China, will also leave for the Orient on the Empress of Russia. The party of American professors includes Walter L. Funkhouser, professor of farm management; J. Carter Brandon, graduate of the University of Oregon; of the athletics department; Dr. Brownell, a Rhodes scholar and graduate of Oxford in 1913, and Mrs. Brownell and others. In charge of entertainment will be Judge Thomas Burke, president, and William K. McKibben, executive secretary, of the China Club; William H. McEwan, chairman of the China Club committee on intercourse and education, and Mrs. S. D. Wingate, chairman of the Presbyterian Missionary Society.

N. Y. K. LINER WILL LEAVE TO-DAY FOR PORTS IN ORIENT

The N. Y. K. liner Fushimi Maru, Capt. T. Iriwasa, is posted to sail from the Outer Docks this afternoon. The liner is taking out a full saloon list including Dr. Corban E. Judd, Howard S. Gross, Henry R. Wasielewski and Nurse A. E. Pratt, an American Red Cross party bound to Siberia.

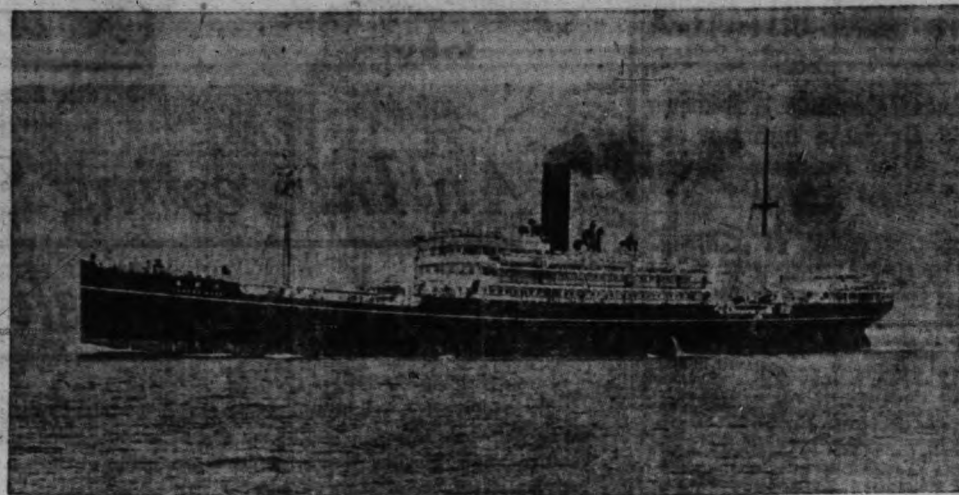

GOVERNOR ARRIVES

The steamship Governor made port about 6 o'clock last night from San Francisco and, after landing passengers and cargo, left at 1 o'clock this morning for Seattle.

LEEBO TO SAIL

The Dominion lighthouse tender Leebo, Capt. Hunter, will get away from the Marine Department wharf in the Upper Harbor to-night for Portlier Pass and Nanaimo.

SAILING TO-DAY FOR ORIENT WITH FULL CABINS

N. Y. K. LINER FUSHIMI MARU

MEMNON COMING IN SERVICE VIA PANAMA

Second Post-War Sailing of Blue Funnel Line From United Kingdom

The British freighter Memnon will be the next vessel of the Blue Funnel Line to come out to this coast from the United Kingdom via the Panama Canal. The Memnon was built at Greenock in 1906, and is a ship of 4,570 gross tons. She was out here in the Blue Funnel service prior to the outbreak of the great war.

The British freighter Asyranax, the first of the Blue Funnel vessels to resume service by way of the Panama route since the termination of hostilities, passed out to sea to-day from Vancouver. She is carrying a full cargo from San Francisco, Seattle and Vancouver to the United Kingdom.

In the Oriental service of the Blue Funnel Line the steamship Proteus is now scheduled to reach here August 15 from Hongkong and Yokohama. The Proteus is bringing a full cargo across the Pacific and Chinese passengers in her stateroom accommodation. Dodwell & Co., local agents for the Blue Funnel Line, have moved their offices from the sixth to the seventh floor of the Belmont Building.

FOREIGN TRADE OF B. C. PORTS VASTLY INCREASED

The "Port of Victoria," a finely illustrated brochure on the dockage facilities and industrial development of the capital city of British Columbia, and prepared by Thos. C. Sorby, secretary of the Inner Harbor Association, quotes "Harbor and Shipping" on the foreign trade of British Columbia as follows: "The foreign trade of British Columbia as represented in exports and imports passing through the ports of the Province approximated \$115,000,000 in 1918, of which more than \$68,000,000 was in exports. The exports showed an increase of \$12,000,000 over 1917, and of nearly \$25,000,000 over 1916, while since the war the exports have more than doubled in value.

Principal Exports
In considering the question of possible return cargoes from British Columbia, the following list of principal articles (Canadian products) exported through the ports of the Province of British Columbia during the fiscal year ending March 31, 1919, may serve some useful purpose:

Coal and coke 1,917,180 1918-19
Copper ore 1,558,792 1918-19
Silver ore 2,312,884 1918-19
Fur skins 2,445,727 1918-19
Lumber 730,282 1918-19
Flour 2,828,623 1918-19
Wheat (Animal) food products 572,497 1918-19
Furs, hides and wool 1,036,612 1918-19
Grain and products 2,185,657 1918-19
Vegetables 376,676 1918-19
Textiles and products 439,219 1918-19
Rubber manufactures 183,747 1918-19
Iron manufactures 3,374,109 1918-19
Metals, other than iron 1,012,217 1918-19
Pulp and paper 5,253,686 1918-19

This, however, does not include cement (a large and important item), the products of the whaling industry (whale oil, sperm oil and fertilizer, 5,000 to 6,000 tons), frozen fish, grain and other articles that at present go by rail to Eastern points for the last three years have amounted to 350,387 tons.

The average export of coal from Nanaimo during the last three years has amounted to 350,387 tons.

The average export for Victoria, mostly dressed lumber, is about 50,000 tons, which would be more than doubled if vessels were available to take cargoes via Panama Canal.

The following details show the respective quantity and value of the various metals and miscellaneous products represented by the 1918 figures: Gold, placer, 10,950 ounces, value \$320,000; gold, lode, 164,674 ounces, value \$5,453,812; silver, 3,496,472 ounces, value \$5,215,870; lead, 45,392,601 lbs., value \$2,925,107; copper, 41,468,754 lbs., value \$15,143,444; zinc, 41,772,516 lbs., value \$2,989,040; coal, 2,302,246 long tons, value \$11,511,235; coke, 188,967 long tons, value \$1,322,769. Miscellaneous products, value \$1,038,263. Total, \$41,762,474.

AROUND THE SHIPYARDS

Night gangs are now working on the pumphs at the Harbor Marine Works and there are other indications of increased activity at the steel shipbuilding plant on the Reserve. The horizontal and vertical pumphs and other machinery, including the acetylene cutter, have been put into commission. The second keel is nearly complete and a start will shortly be made on the floors.

To-night will see the thirteenth ship of the Foundation fleet safely consigned to the waters of the Upper Harbor. The Vancouver will be well and truly christened by Mrs. Harry Barnett with a real bottle of champagne. The sparkling fluid is a scarce commodity these days but nothing but the best is good enough for Foundation launchings.

NINE OTHER SOPHIA VICTIMS RECOVERED

Deep Sea Salvage Co. Continuing Its Operations at Vanderbilt Reef

Nine additional bodies have been recovered from the wreck of the ill-fated steamship Princess Sophia, according to word received at the local offices of the British Columbia Coast Steamship Service. The bodies have been identified as: George W. Daigneault, Seattle; Derby King, of Alaska; John W. Helwinkle, Dawson, Y. T.; Alexander McLean, Dawson, Y. T.; Peter McCaskie, Dawson, Y. T.; Elmer E. Stitzel, Nenana, Alaska; Andrew J. Smith, Cleary, Alaska; J. W. Sydneman, Vancouver, B. C. One body is as yet unidentified. The recovery of the victims was made by the Deep Sea Salvage Company, of Seattle, which concern has been working on the wreck throughout the summer. Eight of the nine bodies recovered were found on the floor of the rock within sixty feet of the wreck, the other being recovered from the ship. It is estimated that about sixty-five bodies of the 343 persons lost when the Princess Sophia was wrecked on Vanderbilt Reef last October, have yet to be located.

Prince Rupert—Overcast; calm; 29.87; 59; sea smooth.

STORE SHED COMPLETED

The new store shed at the Songhees Reserve depot of the Marine Department has been completed and is now in use.

Fined for Speeding—D. G. McBeth was fined \$15 in the Police Court this morning on a charge of speeding on Government Street.

Proof Spirit—Quite often the words "proof spirit" and "alcohol" are mixed in their use and meaning. "Proof spirit" is half alcohol and in connection with the charge against the Silver Spring brewery of supplying "Near Beer" the analyst's statement should have read 4.68 proof spirit, and not alcohol.

Liquor Cases Dealt With—G. Strickland was fined \$10 in the police court this morning for driving a motor car while under the influence of liquor, and D. McRae was fined \$50 for having liquor in his possession.

Triangle—Fog; calm; 30.12; 55; dense seaward. Spoke str Prince George, 11.50 a.m., off Egg Island, northbound.

RAPID PROGRESS.

The newly married man came home from his office happy. He was greeted, as newly married men are greeted, with a kiss, and this, in the fashion of kind, he returned with interest. "Of course we shall go out to dinner, darling," he remarked. "Yes, dearest," replied the happy young woman. "But one of these days we shall have a dinner here, darling, shall we not, of your own cooking?" "Of course, dearest," she replied. "I am getting along famously with my cooking lessons." "And it will be such a change," he continued from the monotonous fare of the restaurants. "There were more kisses. "Did you take a cooking lesson today, darling?" he asked. "Yes, dearest." "And what did you learn?" "There was pride in her tone as she replied, "To-day, dearest, I learnt how to boil water."

E. W. BRADLEY IS MADE CITY CLERK

Council Confirms Well-known Official in Important Position

After having served the Corporation with marked ability for twenty-eight years, and after having acted as City Clerk for four months, E. W. Bradley was confirmed in the position by the City Council last night.

Mr. Bradley entered the civic service in 1891 during the time John Grant occupied the "Mayor's chair." At that time Mr. Bradley was engaged in clerical work in the City Clerk's office, and also acted as clerk of the police court. During C. E. Redfern's regime he was one of the call men in the fire department, and helped in many a noted conflagration. In latter years he has been both assistant City Clerk and secretary of committees. To his painstaking efforts must be credited some part of Victoria's record-breaking success in vacant lot cultivation, of which municipal activity he was for some time secretary.

The matter of making Mr. Bradley's salary commensurate with the position he now occupies will be dealt with by the Finance Committee.

WILL TRY TO SOLVE CITY HALL DISPUTE

Aldermen Will Attempt to Effect Conciliation on Employment Question

An unexpected development in the labor trouble which has been worrying the aldermen of late occurred last night when the City Council instructed the Conciliation Committee to investigate the recent dismissal of two men from the Waterworks Department and, if possible, find them jobs elsewhere. Discussion on the subject centered about letters from Messrs. Shilling and McCann applying for reinstatement and from the Civic Employees Protective Association protesting against the dismissal of these gentlemen. The association strongly inveighed against the policy of dismissing employees of long standing and with family responsibilities instead of disposing of young girls who only recently joined the service and who had taken the jobs of soldiers.

"If the Conciliation Committee were to consider this thing something might be done to keep these men in work," suggested Alderman Harvey. This idea was supported by Alderman Fullerton, who urged that the Conciliation Committee be regarded and constituted as a permanent body.

"The present case has nothing whatever to do with the Conciliation Committee," answered Alderman Sangster. "There is no dispute, nothing to arbitrate—and we have no right to interfere with the heads of departments who are empowered to dismiss their men if they see fit."

Who Was Responsible? "I feel that some injustice is being done these men," asserted Alderman Clark. "I have heard, too, that the dismissals were made not on the initiative of the Water Commissioner. That is what the Water Commissioner told these employees, according to my information. If these dismissals were not made on the initiative of the Water Commissioner there is something wrong."

In reply to this observation Alderman Sangster was on his feet in an instant. "You make an insinuation," he said, addressing Alderman Clark. "Let us know to whom you refer—right now."

"I don't know who was at the bottom of it," Alderman Clark replied. "But those employees state that the Water Commissioner told them their dismissals were not being made on his initiative."

Forced Into Action "The choice of the men to be dismissed was mine only," City Engineer and Water Commissioner Preston explained. "Room had to be made for returned soldiers."

"What's the good of giving the department heads power if we don't back them up?" asked Alderman Andros.

"But these men who are to be dismissed do not take the positions of men going overseas," insisted Alderman Clark. "These men have been unfairly dealt with. There's something wrong somewhere."

That the employees under consideration be retained in their position and that other work be found for the soldiers was the advice of Alderman Johns, who was supported by Alderman Cameron.

Action Is Necessary Alderman Sargent agreed that something ought to be done for the two dismissed employees, and observed that the heads of departments were only human. He highly praised the work of the new men whose services had been dispensed with.

"Well, I don't propose to create a new position for anyone," remarked Mayor Porter. "But these men are entitled to first choice when vacancies occur."

The motion to refer the matter to the Conciliation Committee was then passed. Alderman Sangster immediately demanded that Alderman Clark retract the "insinuation that the persecution, as he seems to think it, was not done on the initiative of the Water Commissioner."

Alderman Clark's explanation of his remarks made the situation a little less strained, while Alderman Patrick, endeavoring, as he observed, to cast oil upon the troubled waters, said "I am sure that Alderman Clark did not intend to cast any reflection on Alderman Sangster."

"I knew it would come out in time," said Alderman Sangster, who appeared to be appeased.

COST OF TIES HIGHER. In 1911 the average cost of railroad ties in Canada was 43.3 cents, and in 1914 the average cost was 60.3 cents, as stated in the annual report of the Department of Railways and Canals.

Red Star Big Comforter Batts. These batts are made from long fibre cotton of a first-grade quality. Pure white, soft and lofty; 72 x 90 inches; 2½ lbs. Each \$1.75

"SKIDMOBILE BY-LAW" CAUSES WORDY BATTLE

Aldermen Debate and Finally Pass Clause Providing For \$25 Penalty

A wordy battle, punctuated by many peals of merriment, was waged by the city aldermen last night during the introduction of a \$25 penalty clause as an amendment to the new ordinance framed to keep Victoria kiddies, their vehicles and roller skates off the streets.

Alderman Sargent suggested that the new by-law was a "frame up" between some of the aldermen and the Provincial Government.

"Last week," replied Alderman Patrick, the father of the by-law, "I said Alderman Sargent was camouflaging in his opposition to the by-law, now he is double camouflaging!"

"Are you going to allow this by-law to go through?" Alderman Dinnsdale demanded of the Mayor, his remark causing a burst of merriment. "You say that the children can use their

carts on the sidewalks, but the sidewalks are already covered by a by-law. You can't so much as wheel a wheelbarrow on them! Why make a farce of this Council by passing a by-law that will never be enforced?"

"Our responsibility comes with the passing of the by-law," answered Alderman Patrick. "The police will have to enforce it. That wheelbarrow talk is all camouflage."

"You are taking the joy out of the children's lives," pleaded Alderman Dinnsdale. "Are we going to have British fair play on this matter or not? I protest against the passing of the by-law. It's not to the public interest."

The new ordinance was then passed for the second time as amended. "Are you going to allow the by-law to stand, Your Worship?" queried Alderman Andros. He received no answer.

"It will come up again next week for its third reading, and we will knock it out then," Alderman Sargent prophesied.

\$5,000 LIMERICK PRIZE The winning of it can't ease the pain of the corp, but "Putnam's" will ease, cure and prevent corns and warts. Guarantee goes with every bottle of "Putnam's." Use no other, 25c. at all dealers.
